

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT (SBCCD)

Educational Master Planning Project

September 30, 2022 Update

The Educational Master Planning Project for SBCCD and its two colleges, Crafton Hills College (CHC) and San Bernardino Valley College (SBVC), continues to progress through the Fall 2022 Semester. Each college's Educational Master Plan Committee (EMPC), with facilitative support by the *Collaborative Brain Trust (CBT)*, has met regularly to conduct project activities and provide oversight to plan development. Christopher Crew, Interim Director of Research, Planning, and Institutional Effectiveness, serves as the District liaison to CBT for the project.

The two college Educational Master Plan Committees (EMPCs) and the CBT team are progressing through the three-phase project, working with the EMPC liaisons, Gio Sosa (CHC) and Joanna Oxendine (SBVC). The three phases of the project, and their respective timelines, are outlined below. The project will continue throughout 2022, with *Strategic Directions* and *Supporting Actions* developed by each college by late Fall. The project completes in November, with draft plans scheduled to go to the Board of Trustees in Spring, following campus review.

During the summer months, CBT completed document and data review and analysis, and prepared each college's Data Portfolio for review by the EMPCs. A presentation of the data was provided to each college at their September meetings, in preparation for Phase Three of the project: Goal-Setting. In this third and final phase of the project, each college will establish its Strategic Directions and Supporting Actions, in alignment with the District's overall Strategic Plan, to guide the work of the colleges in meeting the SBCCD Strategic Plan goals, focused on Student Access and Success.

Project Phases and Timeline

The project's three phases and timeline are as follows:

- Phase I – Discovery Phase: Data Collection, Analysis, Synthesis (Dec 2021 – May/June 2022)
- Phase II – Portfolio Development and Planning Assumptions (June – Aug/Sept 2022)
- Phase III – Setting Five-Year Strategic Directions & Supporting Actions (Sept/Oct – Nov 2022)

Each month (except summer) a one-page update like this one is posted to the District and colleges' websites to keep everyone apprised of the project's activities and progress. A one-page Project Overview and other documents from the project can also be found there. Anyone can provide input at any time to their respective EMPC representative(s).
