TO: Board of Trustees
FROM: Bruce Baron, Chancellor
REVIEWED BY: Jose F. Torres, Executive Vice Chancellor
PREPARED BY: Hussain Agah, Director, Facilities Planning & Construction
DATE: August 9, 2018
SUBJECT: Consideration of Approval of Non-Bond Construction Change Orders and Contract Amendments

RECOMMENDATION
It is recommended that the Board of Trustees approve the following contract amendments and ratify the following change orders. These changes are required and necessary, benefit the District, and reflect the most favorable negotiated costs.

OVERVIEW
Construction change orders may be generated by a number of circumstances. These include changes directed by the District to address contractor or architect recommendations for efficiency, occupant needs, or to improve future building or space usability. California Public Contract Code 20118.4 establishes a guideline that limits construction contract change orders to 10% of the base contract amount.

A construction contract is amended when there is a change in the scope of work due to unforeseen conditions that must be corrected in order for work to proceed. Amendments alter the base contract amount and are not limited to the 10% guideline.

All change orders and amendments are approved following a specific process of review by the construction manager, architect, program/project managers, and District staff. Nonessential changes are rejected and never receive approval. Any changes determined to be essential to the health of the project and of major benefit to the District are approved and implemented.

ANALYSIS
Construction contract amendments and change orders submitted with this board item total $1,461.00.
