KVCR PARTNERED WITH U.S. RESILIENCE COUNCIL

The Management team of KVCR with Producer Erik Martinez-Westley partnered with the US Resiliency Council to tackle a subject that’s important to San Bernardino and Riverside County and all California residents as well, EARTHQUAKES. The October 27th television premiere of THE WHISTLE was ushered in Monday night, October 22 by inviting local residents, stakeholders, and SBCCD staff to gather at KVCR studios to watch the first episode, and to have answered pertinent questions about Disaster Preparedness, Public Safety, the Government’s role in preparation and how and why San Bernardino Valley College is a seismically safe campus.

Thanks to the Yucaipa Rotary Club who sponsored two of our Fire Academy cadets this semester. William Miller and Peter Bottenberg are both Navy veterans and Redlands East Valley High School alumni. Michelle Riggs, director of the CHC Foundation, accompanied them to the Rotary breakfast on Oct. 30 where they were presented with the donation from Ken Colby, president (far right). Pictured with them is David Avila, Rotarian and Yucaipa City Councilman, who arranged for Rotary to make the scholarship donation.

PRESENTATION – SCORECARD  
Chancellor Baron gave an overview of the 2017-2018 SBCCD Scorecard Rate Comparison chart. The Board asked to have standing, quarterly progress reports that assesses progress in remedial instruction, job training programs, retention of students and graduation and completion rates.  

Dr. Giovanni Sosa, Interim Dean, Institutional Effectiveness, Research & Planning presented the scorecard for CHC. Giovanni clarified the scorecard is a regional comparison (College of the Desert, Palo Verde, San Jacinto, Riverside). Crafton Hills College has exceeded its targets for the Math and English Remedial Rates. Crafton’s Student Scorecard measures are higher than the entire State for CTE Completion Rate, First and second year English transfer course completion rates, and for math and English remedial rates. Student satisfaction survey showed 94 percent overall satisfaction.  

Dr. James Smith, Dean, Institutional Effectiveness, Research & Planning presented the scorecard for SBVC. San Bernardino Valley College is above the state average for success in Remedial Math, exceeded IEPI annual goal for the Math & English basic skills success rate; large increase in math success for Hispanic students, and persistence has continued to increase for SBVC students over the last five cohorts.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees
FROM: Bruce Baron, Chancellor
REVIEWED BY: Jose F. Torres, Executive Vice Chancellor
PREPARED BY: Kristina Hannon, Executive Director, Human Resources
DATE: November 8, 2018
SUBJECT: Consideration of Ratification of Professional Expert, Short-Term, and Substitute Employees

RECOMMENDATION

It is recommended that the Board of Trustees ratify the employment of Professional Expert, Short-Term, and Substitute Employees as indicated on the attached list.

OVERVIEW

Per SBCCD Administrative Procedure 7110, in the case of short-term hourly/substitute and student employees, the Board has delegated the Chancellor or his/her designee as the authorizing agent for hire. The attached list of Professional Expert, Short-Term, and Substitute Employees is certified to be in accordance with California Education Code section 88003.

ANALYSIS

California Education Code section 88003 outlines the criterion for hiring an employee on a temporary basis. A district must employ a temporary employee for less than 75% of the college year, which amounts to 195 working days.

- **Professional Expert:** California Education Code allows districts to go outside the classified service when the scope of work is discrete and temporary and requires expertise not available within the classified service. Requesting departments certify by defining the project, identifying an end date for the project, and continued employment is contingent on continued demand and/or funding.

- **Short-Term:** California Education Code 88003 allows districts to employ on a temporary basis, to perform a service for the district. Short-Term employees upon completion of the service, or similar services, will not be extended or needed on a continuous basis.

- **Substitute:** California Education Code 88003 allows districts to employ substitute employees to replace a classified employee temporarily absent from duty, or if the district is recruiting to hire a vacant position.

INSTITUTIONAL VALUES

III. Resource Management for Efficiency, Effectiveness and Excellence

FINANCIAL IMPLICATIONS

The cost of employment for these employees is included in the appropriate budget.

DATE: November 8, 2018
SUBJECT: Consider approval of the 2019-20 regional, state and federal advocacy priorities for the San Bernardino Community College District

RECOMMENDATION
It is recommended that the Board of Trustees approve the 2019-20 regional, state and federal advocacy priorities, and authorize staff to make technical, non-substantive changes to this document if needed.

OVERVIEW
Approval of the 2019-20 advocacy priorities will guide the Board Legislative Ad-Hoc Committee and SBCCD Chancellor’s Office in engaging with government officials and diverse stakeholders to promote public policy solutions that support student achievement and economic mobility in Inland Southern California. If adopted by the board, this public policy platform will be presented to local, state and federal policymakers over the coming months.

ANALYSIS
The 2019-20 advocacy priorities seek to advance SBCCD’s educational and workforce development mission at the regional, state and federal levels. Essentially, SBCCD leadership intends to encourage policymakers to consider the following:

- Increase the state funding rates specified for the Student Centered Funding Formula.
- Approve state matching funds to repair and update community college facilities as approved by California voters under Proposition 51 (2016).
- Expand the community college bachelor’s degree program.
- Maximize the benefits of dual enrollment and remove the sunset on the College and Career Access Pathways Act (AB 288).
- Reform Cal Grants and Pell Grants to provide greater assistance to community college students.
- Protect KVCR TV/FM through continued federal investment in the Corporation for Public Broadcasting.

2019 Advocacy Priorities

DRAFT FOR CONSIDERATION
INTRODUCTION

San Bernardino Community College District serves 24,000 students through Crafton Hills College and San Bernardino Valley College. For nearly 100 years, our colleges have provided access to affordable, award-winning education and career training programs for the residents of Big Bear, Bloomington, Calimesa, Colton, Fontana, Grand Terrace, Highland, Lake Arrowhead, Loma Linda, Redlands, Rialto, San Bernardino, Yucaipa and beyond. We educate the health care professionals that serve our medical needs, veterans who have served our country, police and firefighters who keep us safe, and skilled workers who fuel our economy. Our public mission goes beyond our campuses through Empire Network KVCR (TV 24 and 91.9 FM)—the primary PBS television and NPR radio affiliate station for Inland Southern California.

To promote the educational and workforce development mission of SBCCD, the Board of Trustees established the Legislative Ad-Hoc Committee which works with the SBCCD Chancellor’s Office to provide government officials with SBCCD’s perspective on local, state and federal legislative and policy matters.

SBCCD encourages alumni, community partners and policymakers at the local, state and federal levels to consider the policy priorities outlined here to support student achievement at San Bernardino Valley College and Crafton Hills College, and more broadly, to build a better future for Inland Southern California.

REGIONAL POLICY PRIORITIES

Promote a college-going culture with K-12 and work-based learning partnerships

To encourage a college-going culture in Inland Southern California, the SBCCD Board of Trustees on October 13 unanimously voted to make a historic investment of $10 million in non-general district funds to explore the creation of a two-year tuition-free program for eligible high school graduates attending San Bernardino Valley College and Crafton Hills College. The initiative is not only intended to promote college affordability, but also, college success. Towards that goal, SBCCD will explore a cradle-to-career approach and identify partnership opportunities with K-12 districts to expand dual and concurrent enrollment, as well partner with regional workforce development agencies, labor and business to provide students with work-based learning and internship opportunities.

STATE POLICY PRIORITIES

Increase funding rates specified for the Student Centered Funding Formula

The 2018-19 budget began a transition to the Student Centered Funding Formula (SCFF). The new formula calculates general apportionments—discretionary funds available to community college districts to use pursuant to local priorities—using three calculations: (1) a base allocation, which largely reflects full-time equivalent enrollment at the district; (2) a supplemental allocation, which allocates funds based on the numbers of students who received a College Promise Grant, students who received a Pell Grant, and AB 540 students; and (3) a student success allocation, which allocates funds on the basis of outcomes related to student success. Under this new model, noncredit enrollment and some other types of enrollment would be funded at current rates. SBCCD requests an increase in funding for the Student Centered Funding Formula to increase the rates provided through each of the allocations.

Honor the will of the voters and fund the backlog of capital outlay projects

In 2016, California voters approved a facilities bond providing a $2 billion infrastructure investment in California’s community colleges. The failure to fund all Board of Governors’ approved and vetted facilities projects in the last two state budget cycles has resulted in an extensive backlog of projects, dismissing strong voter support for Proposition 51 and a massive facilities need of $42 billion over the next 10 years. Specifically, SBCCD is requesting matching funds under Prop. 51 to address life and safety facility issues and rebuild the San Bernardino Valley College Applied Technology Building, built in 1964. SBCCD believes that funding these capital projects represents an opportunity to keep students safe in updated facilities, create jobs, preempt substantial development cost increases, and enhance workforce development regionally and throughout the state.
Expand the community college bachelor’s degree program

The Bachelor’s Degree Program from the California Community Colleges was created to make it easier and more affordable for students to get their bachelor’s degree and to create more employment opportunities for students. Currently, there are 15 participating community colleges, 10 different counties across California and 11 unique degrees serving diverse industry demands. SBCCD strongly supports expanding the bachelor’s degree program so that Crafton Hills College and San Bernardino Valley College can do their part to close California’s skills gap.

Remove the sunset on College and Career Access Pathways (AB 288)

All students deserve exposure to and the opportunity to pursue higher education. For at-risk students, participation in dual enrollment courses results in increased college-going rates and greater persistence in higher education. In developing seamless pathways to college and degree completion, college leaders have employed dual enrollment partnerships to facilitate student success. Key among the benefits of dual enrollment courses are: reduction of time-to-degree completion, increase in college attainment, and reducing achievement gaps for underrepresented students. Dual enrollment also lays the foundation to strengthen connections between high schools and colleges. SBCCD supports efforts to maximize the benefits of dual enrollment and to remove the sunset on the College and Career Access Pathways (CCAP) Act.

Assist community colleges in helping students meet their basic needs

Help colleges reduce food insecurity on campus by removing legal barriers and the red tape colleges face in qualifying as CalFresh-approved vendors. SBCCD supports providing districts and colleges with greater flexibility to create effective partnerships to address students’ food and housing access challenges.

Equitably fund Cal Grants for community college students

The 2018-19 budget continues to distribute less than 10% of Cal Grant resources to California community college students despite that our students comprise two-thirds of the higher education population. The lack of adequate financial aid leads students to take fewer classes, extends their time to graduation, and makes college unaffordable and a degree substantially more difficult to obtain. Specifically, SBCCD supports the following reforms:

- Redesign the Cal Grant program to link the maximum awards to the total cost of attendance (rather than tuition).
- Entitle students to awards based on the student’s financial needs as defined by the expected family contribution (rather than how old they are, how recently they graduated from high school, or what their grade point average was).
- Extend the Cal Grant to all certificate and associate degree programs offered at community colleges, regardless of whether the programs are oriented to transfer to four-year universities or to careers.
Remove the sunset for college modernization through design-build

The Legislature has enabled community college districts to use safe and cost-effective options for building and modernizing community college facilities through design-build procurement process. Design-build is a procurement process in which both the design and construction of a project are procured from a single entity. The benefits of a design-build contract project delivery system include accelerated completion of the projects, cost containment, reduction of construction complexity, and reduced exposure to risk for the community college district. The community college design-build statute, California Education Code 81700 –81708, is sunsetting January 1, 2020 and SBCCD supports legislation that extends the college’s ability to use design-build for projects.

FEDERAL POLICY PRIORITIES

Expand Pell Grant eligibility for short-term workforce training

Short-term workforce development programs allow students to quickly and cost-efficiently increase their skill levels and earning potentials. Current law requires a program to be longer than 600 clock hours or 15 weeks in order to be eligible for financial aid. SBCCD supports policy change to provide Pell Grants to students enrolled in short-term workforce-oriented programs that are less than 600 clock hours or 15 weeks long.

Ensure Pell Grant funds benefit students

SBCCD encourages Congress to use the Pell Grant reserve funds in a fiscally responsible manner and solely to support students in the Pell program.

Invest in student and institutional aid

SBCCD encourages Congress to provide additional funding for the Supplemental Educational Opportunity Grant (SEOG), Federal Work-Study, TRIO, and GEAR UP programs. Additionally, Congress should increase current funding for institutional aid programs, including: Title III-A Strengthening Institutions Program; the Developing Hispanic-Serving Institutions programs; and other programs serving traditionally underrepresented populations.

Invest in adult basic education, Perkins CTE and WIOA

SBCCD encourages to increase funding for Perkins Career and Technical Education (CTE) programs, Adult Basic and Literacy Education state grants, and state grants under the Workforce Innovation and Opportunity Act (WIOA) to support needs in these areas.

Protect California Dreamers

The bipartisan Development, Relief, and Education for Alien Minors (DREAM) Act first introduced during the 108th Congress, has been reintroduced in each subsequent Congress. This legislation would give states the flexibility to offer in-state tuition to undocumented students who meet certain conditions and provide a pathway to regularize their immigration status. This measure aims to benefit
those deserving students who have met the same rigorous academic requirements as their college-bound peers and graduated from U.S. high schools. The nation as a whole would benefit from the education of these young people, who will then be able to make their fullest contribution as future tax-payers, entrepreneurs, professionals and workers in areas of critical importance to the nation’s economy and security. While the DREAM Act has not yet passed Congress, SBCCD strongly supports the Deferred Action for Childhood Arrivals (DACA) and similar policies that provide Dreamers with permanent legal status and eventual path to citizenship.

Support Second Chance Pell Grant

An analysis conducted by the RAND Corporation and funded by the U.S. Department of Justice found that inmates who received an education while incarcerated were 43 percent less likely to be arrested for another crime than those who did not participate in any education programs. SBCCD supports reversing the 1994 ban on Pell Grant eligibility for incarcerated individuals and expanding the U.S. Department of Education pilot which allows Pell Grant eligibility for postsecondary education in prison. The goal would be to reduce recidivism and provide an entry to further education or employment for incarcerated individuals after prison.

Protect KVCR TV/FM by investing in the Corporation for Public Broadcasting

San Bernardino Community College District’s educational mission goes beyond the walls of its campuses through KVCR 91.9 FM TV 24 – the primary PBS and NPR affiliate station for Inland Southern California. As a public noncommercial media enterprise, KVCR is supported by the Corporation for Public Broadcasting (CPB), a private nonprofit corporation created and funded by the federal government through the Public Broadcasting Act of 1967. CPB’s appropriation originates with the Labor, Health and Human Services, and Education Subcommittees of the Appropriations Committees in Congress. Federal funds, distributed through CPB grants to local stations like KVCR, provide critical seed money and basic operating support. On average, stations leverage each $1 of federal funding to raise over $6 from other sources – including philanthropic foundations and private businesses. SBCCD encourages Congress to support federal funding for the CPB to protect KVCR TV/FM’s high-quality educational and cultural enrichment programming for Inland Southern California.

SUBJECT: Consideration of Approval to Adopt a Resolution Approving Transfers from the Reserve for Contingencies to Various Expenditure Classifications

RECOMMENDATION

It is recommended that the Board of Trustees adopt a resolution approving the transfer of funds from the reserve for contingencies to various expenditure classifications as indicated in the attached resolution.

OVERVIEW

The 2018-19 Final Budget adopted by the Board of Trustees on September 13, 2018 represents the District’s best estimates for income and expenditures during the ensuing fiscal year. However, as the year progresses, additional income is sometimes received and must be distributed to appropriate accounts, expenditures change from projected levels, and increased costs may need to be covered. As provided in Title 5, §58307, and in accordance with SBCCD Administrative Procedure 6250, the Board of Trustees may approve the transfer of funds from the reserve for contingencies to any expenditure classifications via the adoption of a resolution by a two-thirds majority vote.

ANALYSIS

The Board is being asked to adopt a resolution approving budget transfers from the reserve for contingencies to the expenditure classifications indicated on the attached resolution.

RECOMMENDATION

It is recommended that the Board of Trustees approve the creation of Fiduciary Trust Fund 71 for the Other Post-Employment Benefits or OPEB Investment Trust Account.

OVERVIEW

According to page 2-28 of the California Community Colleges Budget & Accounting Manual,¹ “Trust funds are used to account for assets held on behalf of another party in which the district has some discretionary authority for decision making or responsibility for approving expenditures.”

ANALYSIS

It has been determined by our independent auditor, Vavrinek, Trine, Day & Company, that the establishment of a separate fund for the OPEB Investment Trust Account is in line with California Community Colleges budgeting and accounting procedures.

INSTITUTIONAL VALUES

It is recommended that the Board of Trustees ratify the following interfund borrowing transaction(s) in accordance with the resolution it adopted on April 12, 2018:

OVERVIEW

According to California Education Code E.C. 42603, the Board of Trustees may direct that money be temporarily transferred from one fund to another for payment of obligations. The transfer shall be accounted for as temporary borrowing between funds, and shall not be available for appropriation or considered income. Amounts transferred shall be repaid in the same fiscal year or in the following fiscal year, if the transfer takes place within the final 120 calendar days of fiscal year.

On April 12, 2018 the Board of Trustees adopted a resolution authorizing the chancellor or his designee to approve interfund transfers during fiscal year 2018-19 which would later be ratified by the Board.

ANALYSIS

Historically, some funds receive revenue later in the fiscal year than others. Therefore, the use of temporary borrowing from the general fund has been employed to offset the temporary shortage of cash flow. This standard business practice is approved by the Board of Trustees via the resolution adopted on April 12, 2018. It is anticipated that all the borrowed funds will be repaid by the 2017-18 fiscal year, as required by E.C. 42603.

PREPARED BY: Steven J. Sutorus, Business Manager
DATE: November 8, 2018
SUBJECT: Consideration of Approval to Award Request for Proposal 2019-01 and Contract to SynED of Thousand Oaks CA

RECOMMENDATION

It is recommended that the Board of Trustees award Request for Proposal (RFP) and contract for RFP 2019-01 Regional Information & Communication Technologies & Digital Media Support to SynED of Thousand Oaks, CA. The total amount of the contract is not to exceed $350,000 over a two year period.

OVERVIEW

EDCT is seeking a supplier who can provide services to assist the District in the completion of work plan activities and outcomes for two Strong Workforce projects. SBCCD was awarded these grant projects via the Information & Communication Technologies & Digital Media Sector. Each sector has a Statewide Sector Navigator and a regional Deputy Sector Navigator that work to provide opportunities to connect business, industry and education for their sector, essentially working with the region’s colleges and employers to create alignment around and deliver on workforce training and career pathways.

ANALYSIS

The District received and evaluated one proposal from SynED, which was deemed responsive to this solicitation. Through an analysis of the proposal received and a committee based review process, SynED has been determined to be the supplier that will best meet the needs of these projects and SBCCD.

INSTITUTIONAL VALUES

III. Resource Management for Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

The cost of this board item is included in fiscal year 2019 and 2020 budgets.
RECOMMENDATION

It is recommended that the Board of Trustees approve Amendment 007 to the contract with Leighton Consulting, Inc. of Rancho Cucamonga, CA for Crafton Hills College projects in the amount of Not to Exceed of $38,900.00.

OVERVIEW

On February 11, 2015, the Board of Trustees approved a contract with Leighton Consulting, Inc. of Rancho Cucamonga, CA for geotechnical observation and special testing materials, laboratory testing, data review and analysis for Measure M Division of the State Architect projects at Crafton Hills College. This amendment is for additional services for the 03-1819-01 Print Shop Relocation to CHC Building 14 Bookstore to certify the building and renovate it to a usable space for Print Shop operation.

ANALYSIS

The effect of this amendment will be an addition of $38,900.00 to the Leighton Consulting, Inc. contract, resulting in a revised not to exceed contract amount of $923,283.00 and a term ending date of February 10, 2020. The not to exceed authorization will be expended on an as-needed basis per Division of the State Architect requirements to certify and renovate the building.

INSTITUTIONAL VALUES

III. Resource Management for Efficiency, Effectiveness, and Excellence

SUBJECT: Consideration of Approval of Professional Architectural Contract with PMSM / 19six Architects, of Santa Barbara, CA

RECOMMENDATION

It is recommended that the Board of Trustees approve a contract with PMSM / 19six Architects of Santa Barbara, CA for Architectural and Engineering services on the Print Shop Relocation to CHC Building 14 (03-1819-01) in the amount of $120,550.00.

OVERVIEW

In October 11, 2018, the board of trustees provided a delegation of authority to the District’s Executive Vice Chancellor to finalize a Purchase and Sale Agreement for the acquisition by the District of the One Parkside (560 E Hospitality Lane, San Bernardino), Two Parkside (550 E Hospitality Lane, San Bernardino), and North River Place (658 E. Brier, San Bernardino) improved properties (collectively, the “Properties”).

The District Support Services (DSS) and Technology & Educational Support Services (TESS) will be relocated to the second floor of Two Parkside property. As a result, the Print Shop Relocation to CHC Building 14 (Old Bookstore) is necessary in order to avoid entering into an extended 3-5 year lease agreement at the 1289 Bryn Mawr at Redlands Annex (expires in March 2019). The project will renovate the existing CHC Old Bookstore Building 14 to a usable Print Shop Building as well as certify the building with the Division of State Architect (DSA).

ANALYSIS

SBCCD staff reached out to architects who were familiar with the CHC campus logistics, staff and standards. PMSM / 19six Architects provided architectural & engineering design services for multiple projects at CHC. They have recently assisted with the programming documents for the Print Shop Relocation and they are committed to meet the schedule and DSA requirements to certify the project.

OVERVIEW

In alignment with its Districtwide Support Services Strategic Plan, SBCCD has instituted a non-bond construction program to support San Bernardino Valley College, Crafton Hills College, KVCR and District Support Services on districtwide capital improvement/outlay projects. Part of this program is establishing a pool of professional consultants under master contracts to be used on a project-by-project basis. These contract amendments are necessary for the planning of upcoming fiscal year projects.
ANALYSIS

The Facilities Planning & Construction department will utilize the professional services contracts to provide technical consultation, design services, and engineering analysis for the districtwide non-bond construction projects. When a project comes up that requires professional services support, staff will invite multiple vendors within the pool to provide their competitive pricing, professional services, and specific program deliverables. Staff will review vendors’ proposals, negotiate them and select the most qualified vendor to deliver the project that meets the schedule constraints and provides comprehensive deliverables that satisfy the stakeholders’ needs. Staff will then issue a task order and a purchase order under the professional services agreement.

INSTITUTIONAL VALUES

III. Resource Management for Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

The cost of these contracts will be paid on a project-by-project basis, as necessary, using a variety of construction funds, including block grant and capital outlay.

It is recommended that the Board of Trustees award formal bid #03-1617-01 and contract to Los Angeles Air Conditioning, Inc. of La Verne, CA for the HVAC Replacement Project at the District Office in the amount of $367,522.39.

OVERVIEW

On June 8, 2017, the Board of Trustees approved a Southern California Edison (SCE) agreement for Proposition 39 Zero Net Energy (ZNE) Pilot Program to find solutions to reduce energy usage and costs at the District Office, aiming to achieve the zero net energy site status. The HVAC Replacement Project involves installation of ultra-high efficiency units, CO2 sensors, upgrading the energy management system, comfort zone thermostats, and other associated systems.

ANALYSIS

A public bid opening was conducted on October 16, 2018 and the District received three bids.

(Replaces current SBCCD BP 2090)

Elections shall be held every two years, in even numbered years, for four-year overlapping terms. Terms of trustees are staggered so that, as nearly as practical, one half of the trustees shall be elected at each trustee election. Each person elected at a regular biennial governing board member election shall hold office for a term of four years commencing on the first second Friday in December next succeeding his/her election.

The Board of Trustees has provided for the election of trustees by trustee areas. Effective January 16, 2014, the trustee areas include:

- Areas 1, 3, 5, and 7 from which governing board members will be elected in November 2016 and every four years thereafter.
- Areas 2, 4, and 6 from which governing board members will be elected in November 2014 and every four years thereafter.

The election of a Board member residing in and registered to vote in the trustee area he/she seeks to represent shall be only by the registered voters of the same trustee area(s).

The Chancellor shall submit recommendations to the Board regarding adjustments to be made to the boundaries of each trustee area, if any adjustment is necessary, after each federal census. The Chancellor shall submit the recommendation in time for the Board to act as required by law.

BP 2350 Speakers

(Replaces current SBCCD BP 2140)

Persons may speak to the Board of Trustees either on an agenda item or on other matters of interest to the public that are within the subject matter jurisdiction of the Board.

Oral presentations relating to a matter on the agenda, including those on the consent agenda, shall be heard before a vote is called.

Persons wishing to speak to matters not on the agenda shall do so at the time designated at the meeting for public comment.

Those wishing to speak to the Board are subject to the following:

- The President of the Board may rule members of the public out of order if their remarks do not pertain to matters that are within the subject matter jurisdiction of the Board or if their remarks are unduly repetitive.
- Non-scheduled substitutes may not speak in place of scheduled speakers unless alternates have been submitted on the original request.
- Employees who are members of a bargaining unit represented by an exclusive bargaining agent may address the Board under this policy, but may not attempt to negotiate terms and conditions of their employment. This policy does not prohibit any employee from addressing a collective bargaining proposal pursuant to the public notice requirements of Government Code Section 3547 and the policies of this Board implementing that section.

Any member of the public who wishes to address the Board on any matter on the agenda of a regular Board meeting or on the notice for a special Board meeting is limited to five minutes per person and 20 minutes per agenda topic unless the time limit is extended by a majority vote of the Board.

The Board acknowledges that the Brown Act, Government Code Section 54954.3, requires that every agenda for regular meetings, but not every notice for special meetings, shall provide an opportunity for members of the public to directly address the Board on items of interest to the public that are not on the agenda.

A member of the public who wishes to address the Board on an item not on the agenda, but related to the business of the District, is limited to five minutes unless a majority of the Board votes to extend the time limit. The total time for members of the public to speak on the same or a substantially similar subject shall be limited to twenty minutes unless a majority of the Board votes to extend the time limit. Each speaker coming before the Board is limited to one presentation per specific agenda item before the Board and to one presentation per meeting on non-agenda matters.

Members of the public desiring to address the Board shall complete and submit a Public Comment card.
As a matter of law, members of the Board may not discuss or respond to public comments unless the matters are properly noticed for discussion or action in Open Session.

The Board delegates to the Chancellor the executive responsibility for administering the policies adopted by the Board and executing all decisions of the Board requiring administrative action.

The Chancellor may delegate any powers and duties entrusted to him/ or her by the Board (including the administration of colleges and centers), but will be specifically responsible to the Board for the execution of such delegated powers and duties.

The Chancellor is empowered to reasonably interpret Board policy. In situations where there is no Board policy direction, the Chancellor shall have the power to act, but such decisions shall be subject to review by the Board. It is the duty of the Chancellor to inform the Board of such action and to recommend written board policy if one is required.

The Chancellor is empowered to develop administrative procedures for submittal to the board.

The Chancellor is delegated the authority to confer with District Counsel in addressing legal matters of the District with the exception of legal matters directly affecting the Board relationship with the Chancellor.

The Chancellor is delegated the authority to accept written resignations.

The Chancellor shall act as the professional advisor to the Board in policy formation.
BP 2745 Board Self-Evaluation

(Replaces current SBCCD BP 2020)

The Board of Trustees is committed to assessing its own performance as a Board in order to identify its strengths and areas in which it may improve its functioning and effectiveness.

To this end the Board has established the following processes for evaluation:

An ad hoc committee of the Board shall be appointed in April to determine the instrument or process to be used in Board self-evaluation. Any evaluation instrument shall incorporate criteria contained in these Board policies regarding Board operations, as well as criteria defining Board effectiveness promulgated by recognized practitioners in the field.

The process for evaluation shall be recommended to and approved by the Board.

If an instrument is used, all Board members will be asked to complete the evaluation instrument and submit them to the Office of the Chancellor.

A summary of the evaluations will be presented and discussed at an annual Board retreat scheduled for that purpose. The results will be used to identify accomplishments in the past year and goals for the following year.

1. The Board and the Chancellor shall establish Goals and Objectives to be accomplished each fiscal year.
2. A report will be completed by the Chancellor to report on the accomplishments of the Board Goals and Objectives at the end of the fiscal year.
3. The Board shall develop an evaluation instrument jointly with the assistance of the Chancellor and/or designee that will address functions and responsibilities of the Board.
4. Each Board member will complete the self-evaluation instrument and submit it to the Chancellor.
5. The Chancellor shall synthesize the annual report and the self-evaluation and the information shall be shared with the Board.
6. The Board shall meet in open session to complete a final review and assessment of the Board.

AP 3435 Discrimination and Harassment Resolution Procedures

(Replaces current SBCCD AP 3430)

Board Policy 3430: Prohibition of Harassment prohibits District students, student organizations and employees from engaging in discrimination and harassment on the basis of age, color, creed, religion, disability, marital status, veteran or military status, national origin, race, sex including pregnancy, sexual orientation, gender identity, gender expression, ancestry, ethnic group identification, ethnicity or on the basis of these perceived characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics. This prohibition includes sexual misconduct. Allegations that a student, student organization or employee has violated the Prohibition of Harassment Policy or has engaged in related retaliation will be resolved consistent with this procedure.

The Title IX Officer is the Vice Chancellor of Human Resources and Employee Relations and is the responsible District officer charged with coordinating the investigation of complaints of non-employment related discrimination or harassment. Title IX Coordinators (the Vice President of Student Services at each college and the Employee Relations Officer at the District) shall assist the Title IX Officer, ensuring support and assistance to reporting parties and responders is available locally at each District site.

In this process, the person who is the alleged victim of the misconduct is referred to as the reporting party, and the person who is alleged to have violated District policy is referred to as the responding party. See the Complaint Procedure Checklist section at the end of this procedure.

When the Title IX Officer (VCHR) or Title IX Coordinator receives information about a possible incident of sex or gender-based discrimination or harassment, he/she will provide the reporting party, if known, with a resource guide and copies of BP 3430: Prohibition of Harassment and AP 3435: Discrimination and Harassment Investigations. The resource guide contains information about available resources, such as counseling and health services.

When the District does not have control over the alleged harasser because they are not affiliated with the District, the District may offer supportive remedies to the reporting party.

As necessary, the District reserves the right to initiate resolution proceedings without a formal report or participation by the alleged victim of discrimination or harassment.
**Intake and Processing of the Complaint or Report**

When the Title IX Officer or Coordinator receives information about a possible policy violation, he/she will determine the most appropriate means for addressing the report or complaint. Options include but are not limited to: (1) with the agreement of the parties, attempting to resolve the report or complaint informally through a form of alternative dispute resolution (e.g., mediation); (2) investigating the report or complaint to determine whether District policy was violated, as described below; or (3) determining that the facts of the complaint or report, even if true, would not constitute a violation of the policy. A full investigation will necessarily be pursued if there is evidence of a pattern of misconduct or a perceived threat of further harm to the community or any of its members, including the presence of predatory behavior, weapons, or violence. Title IX Coordinators will notify the Title IX Officer of each complaint or report and seek consensus on which avenue to pursue in the resolution process.

**Timeline**

The District aims to bring all allegations of discrimination or harassment to a resolution within a sixty (60) calendar day time period, which can be extended as necessary for appropriate cause by the Title IX Officer with notice to the parties. The Title IX Officer or designated Title IX Coordinator then engages in a preliminary inquiry that is typically 1-3 days in duration. From there, the allegation can lead to a formal investigation, which usually starts within days of the preliminary inquiry’s conclusion. Investigations range from days to weeks, depending on the nature and complexity of allegations, with the District commonly aiming for a 10-14 window to completion. The parties are regularly apprised of the status of the investigation as it unfolds.

Appeals may be requested following the findings of a formal investigation, with a three-day window to file appeal requests once a formal determination is reached, a three-day window to grant or deny the appeal request, and another 7-10 days for a final resolution to be reached.

The District’s resolution will not typically be altered or precluded on the grounds that civil or criminal charges involving the same incident have been filed or that charges have been dismissed or reduced. However, the District may undertake a short delay (several days to weeks) in its investigation or resolution process to comply with a law enforcement request for cooperation (e.g.: to allow for criminal evidence collection) when criminal charges on the basis of the same behaviors that invoke this process are being investigated. The District will promptly resume its investigation and processes once notified by law enforcement that the initial evidence collection process is complete.

**Interim Remedies/Actions**

The Title IX Coordinator/Institutional Equity Officer may provide interim remedies and actions while the case is being resolved, intended to address the short-term effects of harassment, discrimination and/or retaliation, i.e., to redress harm to the reporting party and the community and to prevent further violations.

Interim remedies may include, but are not limited to:

- Referral to counseling and health services
- Referral to the Employee Assistance Program
- Education to the community
- Altering work arrangements for employees
- Providing campus escorts
• Providing transportation accommodations
• Implementing contact limitations between the parties
• Offering adjustments to academic deadlines, course schedules, etc.

When taking steps to separate the reporting party and the responding party, the District shall minimize the burden on the reporting party. Requests for interim remedies should be made to the Title IX Coordinator/Institutional Equity Officer, although the Title IX Coordinator/Institutional Equity Officer may also initiate interim remedies outside of a request.

The District may interim suspend a responding party student, employee or student organization pending the resolution of the case, particularly when, in the judgment of the Title IX Coordinator/Institutional Equity Officer, the safety or well-being of any member(s) of the campus community may be jeopardized by the presence on-campus of the responding party or the ongoing activity of a student organization whose behavior is in question. In all cases in which an interim suspension is imposed, the student, employee or student organization will be given the opportunity to meet with the Title IX Coordinator/Institutional Equity Officer prior to such suspension being imposed, or as soon thereafter as reasonably possible, to show cause why the suspension should not be implemented. The Title IX Coordinator/Institutional Equity Officer has sole discretion to implement or stay an interim suspension under the Discrimination and Harassment Policy and Discrimination and Harassment Resolution Procedures, and to determine its conditions and duration. Violation of the conditions of an interim suspension under this policy is grounds for expulsion or termination.

During an interim suspension, a student or employee may be denied access to the campus/facilities/events. As determined by the Title IX Coordinator/Institutional Equity Officer, this restriction can include classes and/or all other District activities or privileges for which the individual might otherwise be eligible. At the discretion of the Title IX Coordinator/Institutional Equity Officer, alternative coursework options may be pursued to ensure as minimal an impact as possible on the responding party.

The District will maintain as confidential any interim remedies or actions, provided confidentiality does not impair the District’s ability to provide the remedies or actions.

**Voluntary Informal Resolution**

In some cases, the Title IX Coordinator/Institutional Equity Officer may recommend that the parties attempt to constructively resolve conflicts with supervision. Various conflict resolution mechanisms are available, including mediation. Mediation is not used when violent behavior is involved, when the Title IX Coordinator/Institutional Equity Officer determines a situation is not eligible, or when the parties are reluctant to participate in good faith. If informal efforts to resolve conflict are not appropriate or are unsuccessful, the formal investigative process may be initiated. Either party has the right to end the informal process and begin the formal investigative process at any time prior to resolution. Sanctions are not possible as the result of an informal resolution procedure, though the parties may agree to appropriate remedies. The Title IX Coordinator/Institutional Equity Officer will keep records of any resolution that is reached, and failure to abide by the resolution can result in appropriate responsive actions.

**Formal Investigation Process**

When the Title IX Coordinator/Institutional Equity Officer determines, through a preliminary inquiry, that there is reasonable cause to believe that the discrimination and harassment policy has been violated, and determines that voluntary informal resolution is not appropriate or has been unsuccessful, they will initiate an investigation that is thorough, reliable, impartial, prompt and fair. This investigation determines whether the District’s policy has been violated based on a preponderance of the evidence standard of proof, e.g. whether the conduct is
The Title IX Officer/Coordinator will appoint a trained investigator to conduct the investigation. Employees designated to serve as investigators under this policy shall have received annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on the District’s complaint procedures. The Title IX Officer/Coordinator may also appoint an external subject matter expert to conduct the investigation and provide a report.

The investigation will entail interviewing all relevant parties and witnesses, obtaining available evidence, reviewing personnel or academic/disciplinary files of involved parties, and identifying sources of expert information, if necessary. All parties will be given the opportunity to provide information and names of possible witnesses relevant to the investigation within a reasonable timeframe prescribed by investigators. The investigators will provide regular updates to both the reporting and responding parties, as appropriate, throughout the investigation.

At the time of the complaint/report, the responding party will be given written notice of the nature of the allegations, the District policies at issue, and the possible sanctions that could result from a determination that policy was violated. The responding party will be provided with copies of BP 3430: Prohibition of Harassment Policy and AP 3435: Discrimination and Harassment Investigations.

The past sexual history of the parties is not admissible, except as it pertains to sexual interactions between the parties, or as evidence deemed highly relevant by the investigators. While previous conduct violations by the responding party generally have no bearing on the present allegation, District officials may supply information about previous good faith allegations and/or similar findings to the investigators and appeals officers to consider as evidence of pattern and/or predatory conduct.

At any point during the investigation, if it is determined there is no reasonable cause to believe that District policy has been violated, the Title IX Coordinator/Institutional Equity Officer has authority to terminate the investigation and end resolution proceedings.

The investigators will prepare an investigative report detailing the results of the investigation. Each party will be given an opportunity to review the investigative report and submit a written response within a reasonable timeframe specified by investigators. Investigators will then submit the report and any received written responses to the Title IX Coordinator/Institutional Equity Officer along with a recommended finding. The Title IX Coordinator/Institutional Equity Officer will review the factual information gathered through the investigation and will make a finding based on the preponderance of the evidence standard.

When the investigation results in a determination that the policy has been violated, the Title IX Coordinator/Institutional Equity Officer will consult with the hiring authority (for employees) or the disciplinary authority (for students), who must impose discipline in a timely manner.

In those cases that involve potential termination of employment or dismissal of a faculty member for cause, the Director of Human Resources shall be consulted in the sanctioning process.

Disciplinary actions against faculty, staff, and students will conform to all relevant statutes, regulations, personnel policies and procedures, including the provisions of any applicable collective bargaining agreement to the extent those agreements do not conflict with federal or state compliance obligations.

In addition to taking disciplinary action against the responding party, the District shall institute any remedial action it determines to be appropriate for the reporting party or the community. Remedies for the reporting party might include, but are not limited to:
• ensuring that the reporting party and respondent do not attend the same classes or work in the same work area;
• preventing offending third parties from entering campus;
• providing counseling services, medical services, or academic support services, such as tutoring;
• arranging for a student reporting party to re-take a course or withdraw from a class without penalty, including ensuring that any changes do not adversely affect the reporting party's academic record; and
• reviewing any disciplinary actions taken against the reporting party to see if there is a causal connection between the harassment and the misconduct that may have resulted in the reporting party being disciplined.

All parties will receive written notification of the outcome, to the extent permitted by or mandated by law. In cases involving sex or gender-based discrimination or harassment, the written notification includes the findings and rationale for the findings, information on any sanctions imposed by the District, the rationale for the sanctions, and any procedures for appeal. In cases involving sex or gender-based discrimination or harassment, the parties will also receive written notification of any changes to the results that could occur before the decision is finalized, and when it is finalized, such as when subject to grievance procedures, appeal, tenure revocation proceedings, mandatory arbitration, or union proceedings. Written notification letters will be delivered either:

i. In person, or

ii. Mailed to the local address of the respective party as indicated in official District records. If there is no local address on file, mail will be sent to the party’s permanent address.

Once received in person, mailed or emailed, a notice will be deemed presumptively delivered.

**Appeals**

A reporting party or responding party may appeal the decision under the grounds described below. Any party who files a request for appeal must do so in writing to the Title IX Officer, within 3 business days of receiving the written decision.

The ONLY grounds for appeal are as follows:

A. A procedural or substantive error occurred that significantly impacted the outcome of the investigation (e.g. substantiated bias, material deviation from established procedures, etc.);

B. To consider new evidence, unavailable during the original investigation, that could substantially impact the original finding. A summary of this new evidence and its potential impact must be included;

C. The sanctions imposed fall outside the range of sanctions designated for this offense and the cumulative conduct history of the responding party.

The Title IX Officer will share the request for appeal with the other party (e.g., if the responding party files an appeal, the appeal is shared with the reporting party, who may also wish to file a response and/or bring their own appeal on separate grounds; this response or appeal will be shared with the initial appealing party). Based on the written requests/responses or on interviews as necessary, the Title IX Officer will send a letter of outcome for the appeal to all parties. The Title IX Officer can take one of two possible actions: he/she may dismiss an appeal request as untimely or ineligible, or may grant an appeal and remand the finding for further investigation or reconsideration.
The original finding will stand if the appeal request is not timely or substantively eligible, and that decision is final.

If the appeal remands to the investigator/s for review, the reconsideration of the investigator/s is not appealable. In rare cases where a procedural or substantive error cannot be cured by the original investigator/s (as in cases of bias), the Title IX Officer may order a new investigation with a new investigator or team of investigators. The results of the second investigation cannot be appealed.

The procedures governing the hearing of appeals include the following:

- All parties will be timely informed of the status of requests for appeal, the status of the appeal consideration, and the results of the appeal decision;
- Every opportunity to return the appeal to the original investigators for reconsideration (remand) will be pursued;
- Appeals are not intended to be full re-investigations of the allegations. In most cases, appeals are confined to a review of the written documentation or record of the original investigation and pertinent documentation regarding the grounds for appeal;
- Appeal decisions are deferential to the original investigative body, making changes to the finding only where there is clear error;
- An appeal is not an opportunity for the Title IX Officer to substitute his/her judgment for that of the original investigators merely because they disagree with the finding;
- Sanctions imposed are implemented immediately unless the hiring or disciplinary authority, in consultation with the Title IX Officer stays their implementation in extraordinary circumstances, pending the outcome of the appeal;
- The Title IX Officer will typically render a written decision on the appeal to all parties within 5 business days from hearing of the appeal. The Title IX Officer’s decision to deny an appeal request is final;
- The parties will receive written notification of any changes made to the original finding and disciplinary action (if any) in a timely, simultaneous fashion.

Advisors

The parties are entitled to an advisor of their choosing to guide and accompany them throughout the District’s resolution process (in all meetings and interviews at which the party is entitled to be present, including intake, interviews, hearings and appeals). The advisor may be anyone who is both eligible and available. An individual who is a witness in a case may not serve as an advisor due to the inherent conflict. A party may also choose to participate in the resolution process without an advisor. Please see additional information about advisors below.

The Role of An Advisor

Advisors should help their advisees prepare for each meeting, and are expected to advise ethically, with integrity and in good faith. All advisors are subject to the same rules, whether they are attorneys or not. Advisors may not present on behalf of their advisee in a meeting, interview or hearing and should request or wait for a break in the proceeding if they wish to interact with District officials. Advisors may confer quietly with their advisees as necessary, as long as they do not disrupt the process. For longer or more involved discussions, the parties and their advisors should ask for breaks or step out of meetings to allow for private
Conflicts of Interest

Advisors are expected to refrain from interference with the District investigation and resolution. An advisor who steps out of their role in a meeting under the District resolution process will be warned only once. If the advisor continues to disrupt or otherwise fails to respect the limits of the advisor role, the advisor will be asked to leave the meeting. When an advisor is removed from a meeting, that meeting will typically continue without the advisor present. Subsequently, the Title IX Coordinator will determine whether the advisor may be reinstated, may be replaced by a different advisor, or whether the party will forfeit the right to an advisor for the remainder of the process.

The District expects that the parties will share documentation related to the allegations with their advisors. The parties are not otherwise restricted from discussing and sharing information relating to the allegations with others who may support them or assist them in preparing and presenting. Advisors are expected to maintain the privacy of the records shared with them by the District. These records may not be shared with third parties, disclosed publicly, or used for purposes not explicitly authorized by the District. The District may seek to restrict the role of any advisor who does not respect the sensitive nature of the process or who fails to abide by the District’s privacy expectations.

The District expects an advisor to adjust their schedule to allow them to attend District meetings when scheduled. The District does not typically change scheduled meetings to accommodate an advisor’s inability to attend. The District will, however, make provisions to allow an advisor who cannot attend in person to attend a meeting by telephone, video and/or virtual meeting technologies as may be convenient and available. A party may elect to change advisors during the process.

Where an employee is a member of a union and entitled to a union representative in the process, that employee may be accompanied by the union representative as their advisor or may choose an advisor in addition to their union representative. In such cases, the other party may have two advisors as well. The union representative will be bound by the same role expectations as an advisor.

The parties must advise the investigators of the identity of their advisor at least 2 business days before the date of their first meeting with investigators. The parties must provide subsequent timely notice to the investigators if they change advisors at any time. No audio or video recording of any kind is permitted during meetings with District officials.

**Conflicts of Interest**

The District is committed to ensuring that its resolution processes are free from actual or perceived bias or conflicts of interest that would materially impact the outcome. Any party who feels that there is bias or conflict of interest that would materially impact the outcome may submit a written petition for the person’s removal from the process. The petition should include specifics as to the actual or perceived bias or conflict of interest, as why the petitioner believes the bias or conflict could materially impact the outcome. Such petitions should be submitted promptly to the Title IX Officer Title IX Coordinator, or to the District Chancellor in the event that the potential conflict or bias involves the Title IX Officer/Coordinator.

**Retaliation**

It is unlawful for anyone to retaliate against someone who files an unlawful discrimination or harassment complaint, who refers a matter for investigation or complaint, who participates in an investigation of a complaint, who represents or serves as an advisor/union representative for a reporting party or responding party, or who otherwise furthers the principles of the District’s unlawful discrimination and harassment policy.
The District shall take reasonable steps to protect the reporting party from further harassment and/or
discrimination, and to protect the reporting party and witnesses from retaliation as a result of communicating
the complaint and/or assisting in the investigation. Any retaliation should be reported to the Title IX Officer, or
in their absence, to the Chancellor.

**Privacy and Confidentiality**

The District shall take reasonable steps to ensure the confidentiality of the investigation and to protect the
privacy of all parties to the extent possible without impeding the District’s ability to respond effectively to the
report or complaint. Only District officials with a legitimate need to know will be informed of the results of the
investigation. The District shall make a good faith effort to inform the parties, in advance when possible, of any
public release of information regarding the case.

All employees and students are expected to cooperate with a District investigation into allegations of
discrimination or harassment. An individual who participates as a reporting party or witness in an investigation
of sexual assault, domestic violence, dating violence, or stalking will not be subject to disciplinary sanctions for
a violation of the District’s policy at or near the time of the incident, unless the District determines that the
violation was egregious, including, but not limited to, an action that places the health or safety of any other
person at risk or involves plagiarism, cheating, or academic dishonesty.

Only District officials with a legitimate need to know will be informed of the results of the investigation, appeals
procedure, or sanctioning/disciplinary procedure.

The parties should be aware that District administrators must issue timely warnings for incidents reported to
them that pose a substantial threat of bodily harm or danger to members of the campus community. The
District will make every effort to ensure that a reporting party’s name and other identifying information is not
disclosed, while still providing enough information for community members to make safety decisions in light of
the potential danger.

In implementing this policy, records of all reports, resolutions, and hearings will be kept by the Title IX Officer.
Access to reports, resolutions and hearings will be controlled by the Title IX Officer.

**File Retention**

The District will retain on file for a period of at least three years after closing the case copies of:

- the original complaint;
- the investigatory report;
- the summary of the report if one is prepared;
- the notice provided to the complainant, of the District’s administrative determination and his or her right to
  appeal;
- any appeal; and
- the District’s final decision.

The District will make such documents available to the State Chancellor upon request.

Students and employees are encouraged to check online for the updated versions of all policies and procedures. If government regulations change in a way that impacts this document, this document will be construed to comply with government regulations in their most recent form. Reports of misconduct made after the fact may raise issues of policy and procedure application, if policies and procedures have changed. EMERGENCY RESPONSE AND EVACUATION PROCEDURES

General information about the emergency response and evacuation procedures for the District are publicized each year as part of the District’s Clery Act compliance efforts and that information is available at [http://www.sbccd.org/District_Police/Clery_Act](http://www.sbccd.org/District_Police/Clery_Act).

All members of the campus community are notified on an annual basis that they are required to notify the District Police Department, San Bernardino Community College District Police Department (SBCCD PD), of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and employees on campus. The SBCCD PD has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, the District Police Department has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If that is the case, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

Upon confirmation or verification by the District Police Department, SBCCD PD, that a legitimate emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus, the District Police Department, District, will, without delay, take into account the safety of the community and determine the content of the message and notifications and initiate the District Emergency Notification System (ENS) unless issuing a notification will, in the judgment of the first responders (including, but not limited to SBCCD PD personnel), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. District, SBCCD PD and Campus Personnel will determine the content of messaging and will use some or all of the systems described below to communicate the threat to the campus community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. The District Police Department will, without delay, take into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to, District Police Department), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident that poses an immediate threat to members of the campus community, the District ENS has various systems in place for communicating information quickly. Some or all of these
methods of communication may be activated in the event of an immediate threat to the campus community. These methods of communication include network email, emergency text messages that can be sent to a mobile phone or Personal Digital Assistant, other digital devices (individuals can sign up for this service on the District website), the public address system, phone calling trees, District website and scrolling emergency messages that scroll across computer screens when logged into on District connected computers. The SBCCD PD will post updates during a critical incident on the District website at www.sbccd.org. Individuals can call the District’s computer system – insert all that apply, overlapping methods are recommended. The District Police Department will post recorded information telephone line at (909) 382-4002 for updates during a critical incident on the District web site at sbccd.org. Individuals can call the District’s recorded information telephone line at (909) 382-4002 for updates.

The District’s ENS has the ability to send text messages to the personal mobile phones of faculty, staff and students who opt in to the system via our website.

The District’s Director of Marketing, Public Affairs & Governmental Relations will be responsible for the dissemination of emergency information to the larger community through media, cell phone alerts, website announcements, radio, and TV alerts.

TESTING EMERGENCY RESPONSE AND EVACUATION PROCEDURES

An evacuation drill is coordinated by the District and College Lead Safety Officers and the SBCCD PD two (2) times per year for all district and college facilities on campus.

Students, during exercises, school, faculty and staff learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Drill evacuation locations are not established in advance because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, the District Police Department staff on the scene will communicate information to students, faculty and staff regarding the developing situation or any evacuation status changes.

Evacuation drills are monitored by the District Police Department and District administration to evaluate egress and behavioral patterns. Evacuation drill reports are prepared by District and College Lead Safety Officers participating departments which provide recommendations for improvement as well as identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

The District conducts numerous announced and unannounced drills and exercises each year and conducts follow-through activities designed for assessment and evaluation of emergency plans and capabilities. The District Police Department with District and College Lead Safety Officers coordinate announced evacuation drills two times per year, as described above, to test the emergency response and evacuation procedures, and to assess and evaluate the emergency evacuation plans and capabilities. For each test conducted, SBCCD PD will document a description of the exercise, the date, time, and whether it was announced or unannounced evacuation drills (2) times per. The District will publish a summary of its emergency response and evacuation procedures in conjunction with at least one drill exercise each calendar year, as described above, to test the emergency response and evacuation procedures, and to assess and evaluate the emergency evacuation plans and capabilities. For each test conducted, District and College Lead Safety Officers will document a description of the exercise, the date, time, and whether it was announced or unannounced. The District will publish a summary of its emergency response and evacuation procedures.
response and evacuation procedures in conjunction with at least one drill or exercise each calendar year.

Overview

The District Emergency Operations Plan provides direction in the event of an emergency. It is the goal and purpose of this plan to protect the safety and security of those associated with the District should an emergency occur. The effective use of this plan will help:

- Protect life and safety,
- Reduce property and environmental damage,
- Minimize disruption and economic losses, and
- Shorten the recovery period.

To ensure effective implementation of this plan, all personnel designated to carry out specific responsibilities are expected to know and understand the policies and procedures outlined in this document and other associated supporting documents.

The District’s response to a major crisis will be conducted within the framework of this plan except when directed otherwise by Chancellor or the Chancellor’s appointed representative. The plan includes a chain of command that establishes decision-making authority during an emergency.

Scope and Definitions

An emergency is defined as a sudden state of danger that occurs unexpectedly and that demands immediate action to protect the health and safety of individuals within the institution. The following are examples of emergency situations:

- Bomb threat
- Earthquake
- Explosion
- Fire
- Hazardous materials spill/release
- Hostage situation
- Campus shooting
- Terrorist incident

Specific emergency procedures can be found here: http://www.sbccd.org/Human_Resources-Jobs/safetyrisk/Emergency_Preparedness_Program

Crisis Management Response Structure

In the event of an emergency, the District Chief of Police, or designee, will contact the Chancellor, Emergency Preparedness Manager, College Presidents and College Lead Safety Officers to report the emergency.

The above managers will convene (via conference call if necessary) and decide whether to declare a state of emergency, start the process of notifying the community and media if necessary, and review and discharge responsibilities as detailed in the plan (below). The Chancellor will convene the Incident Management Team (IMT) and activate the Emergency Operations Center (EOC) if necessary to participate in the execution of the plan. The IMT consists of key leadership representatives from the District and Colleges.

Update and Drill

The IMT and designees will review and update this plan each year or more frequently, as needed. IMT
members will practice emergency procedures on a regular basis and will obtain training or re-training as needed.

**Emergency Response Team Responsibilities**

The manner in which district and college personnel and equipment are utilized during an emergency will be determined by the IMT under the direction of the Chancellor. The Emergency Operations Plan will remain in effect until the Chancellor or his/her designee deems the district and/or colleges ready to return to normal operation.

**Emergency Level Definitions and Responses**

In all types of emergencies, once outside agencies arrive on the scene (i.e., Police Department, Fire Bureau, Emergency Management Agency personnel, etc.) these agencies will assume control of the operations. The IMT and EOC will act as resources to these responders.

The following definitions of emergency levels determine the type of response:

**Level 1 Emergency** (least serious)

- may involve threat of incident rather than actual incident
- may be addressed with district/college personnel and resources
- outside assistance may be called upon

PURPOSE
The Emergency Procedures are the District’s planned responses to all hazards on or affecting the campus or surrounding community. The Emergency Procedures will be activated by the Chancellor (or their designated representative) or the SBCCD PD. The Emergency Procedures detail actions and responsibilities for all employees of the District.

RESPONSIBILITY
Government Code Sections 3100-3101 state that all employees of the District are declared civil defense workers during emergencies, subject to such defense activities as may be assigned to them. Federal and state regulations further state that all employees of the District must be trained and qualified in specified Federal Emergency Management Agency (FEMA) courses depending on an employee’s emergency response responsibilities.

EMERGENCY COMMAND POSTS (CIVILIAN AND LAW ENFORCEMENT)
The Emergency Command Posts will be activated during emergency situations. The Chancellor (or their designated representative) and the SBCCD PD Chief of Police (or their designated representative) will activate their respective Emergency Command Posts and maintain effective communications between the two Command Posts. The Emergency Command Post staffs will direct the District’s response to the emergency situation, coordination with each other, coordination with outside agencies, and requests for outside support. The Emergency Command Post staffs will be aided in their duties by District, college and SBCCD PD personnel.
• Declare a major emergency in the event of earthquake, explosion, flood, etc.
• Assess the overall disaster based on reports from area managers.
• Initiate the emergency notification chain (call back of employees) if necessary.
• Mobilize any additional staff to heavily damaged areas.
• Determine the —"All-Clear" when the disaster is over.

All press releases will be prepared by the Director of Public and Governmental Relations. In absence of this person, the key administrator will designate an individual responsible for this function.

PREPAREDNESS

The District’s preparedness is based on pre-staged supplies, training and awareness, and emergency drills. All employees of the District will receive training in responding to and managing emergency situations according to federal and state laws and regulations. The best response to emergency situations is preparedness.

CHEMICAL OR HAZ MAT SPILL

In the event of ANY spillage of a dangerous chemical or hazardous material:

- Call or have someone call 911 immediately.
- Evacuate the affected area at once, and if it is safe to do so, seal it off to prevent further contamination of other areas; stay upwind of any contamination.

Anyone who may become contaminated as a result of being in the immediate area affected by the spill should:

- Avoid physical contact with others as much as possible.
- Remain in the vicinity, and provide their names to first responders.
- To the best of your ability and without re-entering the affected area, assist first responders in determining that everyone has been evacuated safely.
- DO NOT return to any affected area unless it has been declared safe to do so by SBCCD administration, district police, or other official emergency responders.
• Required first aid and clean-up by specialized authorities should begin as soon as possible.

FIRE

Upon discovery of an actual fire:

• Pull a fire alarm if one is nearby.
• Call or have someone else call 911 immediately and describe the location and size of the fire.

Evacuate the area if you are unable to put the fire out.

• Close all doors and windows to confine the fire and reduce oxygen—but DO NOT LOCK THEM.
• EVACUATE when the sound of the fire alarm is heard.
• DO NOT attempt to save possessions or collections at the risk of personal injury.
• DO NOT USE ELEVATORS to evacuate a building.
• Never allow the fire to come between you and the exit.
• Report to an evacuation site away from the fire.
• Document and report the names of individuals who are unaccounted for or absent.
• If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.
• DO NOT return to any affected area, building or facility unless it has been declared safe to do so by SBCCD administration, district police, or other official emergency responders.

BOMB THREAT

If you receive a direct bomb threat via phone:

• Ask someone else to call 911 immediately and discreetly relay any information you obtain from the caller to the 911 operator.
• Keep the caller on the phone as long as possible and ask the following questions:
  ◦ When and where is the bomb right now?
  ◦ When is the bomb going to explode?
  ◦ What kind of bomb is it?
  ◦ What does it look like?
  ◦ Why did you place the bomb?

If a bomb threat alert is issued:

• Check your immediate area for any suspicious devices, abandoned backpacks, boxes, etc. that do not belong to anyone or seem to be out of place.
• Limit usage of cell phones, radios or fire alarm system due to risk of activating a device.
• If a suspicious device or package is found ... DO NOT TOUCH.
• Clear the immediate area and call 911 immediately from a safe distance.
• If directed by SBCCD administration, district police, or other official emergency responders, evacuate a safe distance away from buildings.
• Document and report the names of individuals who are unaccounted for or absent.
• If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.

EXPLOSION
• Take cover under tables, desk, and similar places that will give protection against flying glass and debris.
• Call or have someone else call 911 immediately.
• If directed to do so by SBCCD administration, district police, or other official emergency responders, activate the fire alarm system and Evacuate from the building to a safe evacuation area.
• Beware of falling debris and electrical wires as you evacuate.
• Document and report the names of individuals who are unaccounted for or absent.
• If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.
• DO NOT return to any affected area, building or facility unless it has been declared safe to do so by SBCCD administration, district police, or other official emergency responders.

ACTIVE SHOOTER / ARMED INTRUDER

IF AN ACTIVE SHOOTER, ARMED INTRUDER, OR WEAPONS ARE OBSERVED:
• Immediately call or direct someone to call 911
• Take note of the assailant(s) description/behavior/weapons and report the details to the 911 operator
• To increase everyone’s safety obey the verbal commands of any law enforcement personnel (i.e., freeze, halt, stop, raise your hands, etc.)

There are three basic actions one should take in such a violent situation: Run, Hide, or Fight.

A. Run – Escape the area whenever possible and then notify authorities only when it’s safe to do so.
B. Hide – Get to a securable location where you can hide away from the assailants(s). Turn off any lights, stay quiet, and notify authorities only if it’s safe to do so.

Note: If possible, you should remain in the secured location until law enforcement personnel have cleared the area and the police or SBCCD administration have given an all clear command to EVACUATE to a designated evacuation zone.

A. Fight – This is the option of last resort. If you’re unable to secure your hiding location, prepare to fight or use force against the shooter.

To report a crime, suspicious person, suspicious situation, or for non-emergency inquiries call the SBCCD Police Department at (909) 382-4491.

LOCKDOWN

LOCKDOWN is a security measure used to prevent violent intruders from entering occupied areas of buildings.
and facilities, or to isolate staff, faculty, students and visitors from danger while on campus or at any district facility.

The order to LOCKDOWN will be communicated via the SBCCD emergency notification system, announcements made by instructors or workplace supervisors, or announcements made by Building Captains. Building Captains are designated individuals who are tasked with helping to respond appropriately to emergency situations. In the event of an emergency, Building Captains will assist building occupants to respond correctly to LOCKDOWN procedures.

If a LOCKDOWN order is given, you should:

- Immediately close and lock doors (if possible).
- Close window shades or blinds if it appears safe to do so.
- Turn off the lights.
- Block any hallway windows (in doors) if it appears safe to do so.
- Move away from doors and windows, and get down on the floor to avoid discovery.
- Assist those needing any special assistance.
- Document and report the names of individuals who are unaccounted for or absent.
- If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.
- Remain in the classroom, or secured area, and wait for further instructions from SBCCD administration, district police, or other official emergency responders.

SHELTER-IN-PLACE

SHELTER-IN-PLACE is a short-term measure implemented when there is a need to isolate staff, faculty, students and visitors from the outdoor environment to prevent exposure to airborne contaminants or temporary hazards.

This procedure includes closing all doors, windows and vents to outside air.

The order to SHELTER-IN-PLACE will be communicated via the SBCCD emergency notification system, announcements made by instructors or workplace supervisors, or announcements made by Building Captains. Building Captains are designated individuals who are tasked with helping to respond appropriately to emergency situations. In the event of an emergency, Building Captains will assist building occupants to respond correctly to SHELTER-IN-PLACE procedures.

If a SHELTER-IN-PLACE order is given, you should:

- Help to clear everyone from hallways.
- Keep everyone in classrooms or offices until further instructions are received.
- Assist those needing any special assistance.
- Secure classrooms and offices by closing and locking doors and windows.
- Remain in the classroom, or secured area, and wait for further instructions from SBCCD administration,
MEDICAL EMERGENCY & FIRST AID

Is it an Emergency?

- Respiration – difficulty or no breathing?
- Pulse – weak or no heart rate?
- Responsive – not awake/not alert?

EMERGENCIES INCLUDE: Uncontrolled bleeding, head injury, broken bones, poisoning, overdose, seizure, allergic reaction, persistent chest pain or pressure, numbness or paralysis of arms or legs, sudden slurred speech, major burns, intense pain.

Calmly communicate the following information to the 911 operator:

- What is the emergency situation?
- What is the background of the emergency?
- What’s your assessment?
- What response do you expect?
- Where is the location of the emergency? – SBVC or CHC, Building Name, Room Number, Phone Number

Before help arrives, if you are trained and the scene is safe:

- Bleeding – apply pressure.
- Fracture – don’t move the person unless they must be moved to avoid further injury.
- No Breathing or Pulse – begin CPR and send someone for AED.
- Seizure – help to the floor, protect head; do not try to restrain.
- Choking – Back blows and abdominal thrusts.
- Emotional Upsets/Suicidal – stay with person until help arrives.
- Impaled Object – don’t remove the object, just support the object with bandages.
- Vomiting – move person onto their side.
- Stay with the victim providing reassurance that help is on the way and keep them comfortable.
- Stay at the scene until help arrives and clear “on-lookers” from the scene

FOR MINOR INJURY OR ILLNESS:

- Provide first aid using available campus medical supplies.
- After initial treatment, students should be referred to the Student Health Center.
- Staff should contact their supervisor immediately for appropriate treatment (Workers Comp Program).

EMERGENCY EVACUATION PROCEDURES

Building Captains will be called upon to be leaders in any evacuation scenario. Building Captain’s will be used
not only in operational leadership roles, but their technical expertise will be invaluable in roles where that expertise is needed.

- Each Building Captain is responsible for the direct supervision of ANY individual located in their assigned building and will do the following:
  - Direct the evacuation of employees, students or visitors to designated Evacuation Sites (see Evacuation Site Map).
  - Immediately shut down all hazardous operations (equipment in use, etc.).
  - Take personal items you can safely carry with you (Building Captain Response Kit, phone, purse, briefcase).
  - Shut all doors behind you as you go to slow the spread of fire, smoke, and water.
  - Proceed as quickly as possible, but in an orderly manner.
  - Accompany and assist handicapped personnel, students and visitors who appear in need of direction or assistance.
  - Once outside, move away from the structures and go to the designated Evacuation Site. Keep roadways free for emergency vehicles.
  - Document and report the names of individuals who are unaccounted for or absent.
  - If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.

Evacuation of Persons with Disabilities

- Building Captains help individuals with disabilities evacuate by quickly assigning a "buddy" to lead them to the closest safe evacuation area.

- Building Captains should be familiar with emergency alarms and signs showing the emergency exit routes. If an elevator is not available, or if it is unsafe to use, direct wheelchair-users to the top of the nearest staircase where an Evac-Chair is located or the nearest designated area of rescue assistance.

- Only individuals trained in the use of an Evac-Chair should attempt to transport someone using the chair.

- If an individual is unable to be transported via an Evac-Chair, or if an Evac-Chair is not available, immediately notify a member of the Emergency Response Team of the individual’s location.

EARTHQUAKE

If indoors:

- When the earth begins shaking DROP, COVER and HOLD.
- DO NOT evacuate immediately during the earthquake.
- Keep away from overhead fixtures, glass windows, filing cabinets, shelves and bookcases.
- Protect yourself at all times and be prepared for aftershocks.
- Check for any injured, and if trained, be prepared to initiate first aid for any injured staff, faculty, students and visitors.
• Assist any individuals with physical disabilities and find a safe place for them.
• Call or have someone else call 911 immediately.
• If the classroom, building or facility is heavily damaged, initiate immediate evacuation.
• Proceed to the designated evacuation site.
• Document and report the names of individuals who are unaccounted for or absent.
• If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.

If outdoors:
• When the earth begins shaking DROP, COVER and HOLD.
• Move quickly away from buildings, utility poles, and other structures.
• Be alert for gas leaks, live wires, flooding, etc.
• Protect yourself at all times and be prepared for aftershocks.
• Check for any injured, and if trained, be prepared to initiate first aid for any injured staff, faculty, students and visitors.
• Assist any individuals with physical disabilities and find a safe place for them.
• Call or have someone else call 911 immediately.
• Proceed to the designated evacuation site.
• Document and report the names of individuals who are unaccounted for or absent.
• If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.
• DO NOT return to any affected area, building or facility unless it has been declared safe to do so by SBCCD administration, district police, or other official emergency responders.

DISASTER MANAGEMENT

Should an emergency or other major disaster strike a SBCCD campus, the need for a coordinated response will be necessary. The SBCCD’s emergency response plan for a major disaster is contained in the Emergency Operations Plan that is aligned with the State of California “Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS).

In an emergency, designated managers and supervisors will gather to implement the appropriate response.

These individuals will provide leadership, policy guidance, gather intelligence on the emergency and development specific plans of action to best address the emergency. Our Campus Emergency Response Team (CERT) will act on the behalf of the College, providing necessary resources and support, timely situation analysis and needs assessments. The CERT will report to a pre-determined Emergency Operations Center (EOC), which is properly equipped with communication capabilities to support emergency response operations and provide coordination with outside agencies.

SBCCD administration will provide for the staff and students in an emergency. Through the coordination of the EOC, the members of the college community will provide a skilled pool of professionals to deal with the myriad
of technical, medical, logistical and human relations challenges that are certain to arise in a major disaster. It is to this end that these general emergency instructions are targeted.

FLOODING

If indoors:

- If notified that flooding is possible take preventative measures to minimize flood damage. Move objects off the ground and take small or light objects out of the affected area. SBCCD administrators will identify temporary shelters to house materials.
- Be prepared to move your vehicle if certain parking areas are at risk of being flooded.
- Be prepared to evacuate your location at a moment’s notice if your building or facility lies in a known flood zone. If there is any possible danger or if given the order to do so, EVACUATE the building.
- If evacuation is directed, if safe, unplug all electrical equipment. If there are electrical appliances or electrical outlets in any flooded area do not proceed; there is an extreme danger of electrical shock. Do not touch any electrical equipment if you are wet or standing in water. Secure vital records and take personal belongings with you.
- Report to an evacuation site away from the flooding. Document and report the names of individuals who are unaccounted for or absent.
- DO NOT return to any affected area, building or facility unless it has been declared safe to do so by SBCCD administration, district police, or other official emergency responders.

If outdoors:

- Do not try to walk or drive through flooded areas; stay away from moving water. The sheer force of just six inches of swiftly moving water can knock people off their feet. Cars are easily swept away in just two feet of water.
- Stay away from flooded areas unless authorities ask for volunteers.
- Stay away from downed power lines.
- Be aware of areas where flood waters may have receded and may have weakened road surfaces.
- Wash your hands frequently with soap and water if you come in contact with flood waters.

After the flood:

- Only authorized district or campus personnel are allowed access to flood-damaged buildings and areas. Avoid flooded areas. Flood waters often undermine foundations, causing sinking; floors can crack or break, buildings can collapse, and roads can crumble.
- Report broken utility lines to the appropriate authorities.
- Document and report the names of individuals who are unaccounted for or absent.
- If trained, and the scene is safe, be prepared to initiate first aid for any injured staff, faculty, students and visitors.
- DO NOT return to any affected area, building or facility unless it has been declared safe to do so by SBCCD administration, district police, or other official emergency responders.
LEGAL RESPONSIBILITIES & DUTY ASSIGNMENTS

Legal Responsibilities of Public Employees During an Emergency

The Government Code of the State of California (Title 1, Division 4, Chapter 8, Section 3101) has defined the term “public employees” to include all persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed. It also defines the term “disaster service worker” to include all public employees.

State of California, Government Code Title 1, Division 4, Chapter 8, Section 3100:

It is hereby declared that the protection of the health and safety and preservation of the lives and property of the people of the state from the effects of natural, man-made, or war-caused emergencies which result in conditions of disaster or in extreme peril of life, property, and resources is of paramount state importance requiring the responsible efforts of public and private agencies and individual citizens. In furtherance of the exercise of the police power of the state in protection of its citizens and resources, all public employees are hereby declared to be disaster service workers subject to such disaster service activities as may be assigned to them by superiors or by law.

CIVILIAN EMERGENCY COMMAND POST

The Civilian Emergency Command Post, from which the Chancellor (or their designated representative) will direct operations, will be dictated by the Chancellor, safety considerations, and necessitated by the emergency situation.

LAW ENFORCEMENT COMMAND POST

The Law Enforcement Command Post, from which the SBCCD PD Chief of Police (or their designated representative) will direct public safety operations, will be dictated by SBCCD PD Chief of Police, safety considerations, and necessitated by the emergency situation.

ASSIGNMENT OF DUTIES

Every staff member has a responsibility for performing certain duties in times of emergency. Specific assignments are outlined and additional assignments may be given via the chain of command.

The Chancellor is responsible for the control and welfare of its students. The Chancellor (or their designated representative) directs the college staff in the implementation of EMERGENCY PROCEDURES and the assignment of duties as outlined. The Chancellor (or their designated representative) is the overall commander of any and all operations on the campus during normal and emergency operations. After the people present on campus have been evacuated to an appropriate evacuation assembly area and their safety is secured, the Chancellor may instruct College Presidents, Chief of Police, and Director of Marketing, Public Affairs & Governmental Relations (Public Information Officer) to meet at the Civilian Command Post where they will be briefed by them on their findings from their personnel after which they will give them direction for further activities. The administrator on duty will be contacted immediately and apprised of the emergency situation by SBCCD PD and will, in turn, report this information directly to the President (or...
their designated representative) and to the Director of Marketing, Public Affairs & Governmental Relations (Public Information Officer).

Presidents and Campus Lead Safety Officers will proceed to the evacuation assembly areas designated for their personnel and confer with them to determine who may need rescue and the last known location(s) of the missing. The Presidents and Campus Lead Safety Officers will assign their personnel further activities which may include providing assistance to the injured, relocating groups of people, or responding to the Civilian Emergency Command Post to assist as necessary.

Faculty members, managers, and supervisors will escort their students, personnel, and visitors to their designated evacuation assembly areas and determine who did not arrive as well as seek medical attention for the injured and note any additional people who may be present in their evacuation assembly area. They will report this information and the last known location of the missing to their Presidents and Campus Lead Safety Officers. They will also report to their Presidents and Campus Lead Safety Officers other information they deem important such as hazards noted in their areas during their egress.

Facilities Department personnel will be responsible for the use of emergency equipment, the handling of emergency supplies, and the safe use of available utilities. They will:

A. Survey the campus and report damage through their chain of command.
B. Assist in rescue operations as directed (i.e., operate lifting equipment, cutting torches to free victims, etc.).
C. Assist in disaster fire suppression activities if trained and directed to do so.
D. Assist in controlling main shut-off valves for gas, water, and electricity.
E. Disburse emergency equipment as needed.

Clerical staff will help provide for the safety of essential school records and documents, operate telephones, and act as messengers and couriers when directed.

Cafeteria staff will make food stock and water available to campus emergency service providers whenever feeding becomes necessary during a disaster.

REPORTING EMERGENCIES NOT PREVIOUSLY COVERED:

- The quickest and easiest way to obtain professional help for any type of emergency not specifically covered by these procedures is to phone SBCCD PD for assistance. Dial extension 4491 from on-campus phones or dial (909) 384-4491 from a mobile phone or when off campus.
- When calling stay calm, and carefully explain the problem and location to the Dispatcher.
- Quickly notify your instructor or immediate supervisor of the emergency and begin to take the appropriate action warranted by the situation.

From current SBCCD AP 3710 titled Intellectual Property and Copyright

(Replaces current SBCCD AP 3710)

The following intellectual property procedure shall be interpreted consistent with other District policies, including, but not limited to, the District's policy on academic freedom and federal and state statutes and regulations. This procedure shall also be interpreted consistent with all collective bargaining agreements.

Definitions

For the purposes of this procedure, the following definitions apply to the following words or phrases:

"Administrative Activity" means the execution of the District's management or administrative functions such as preparing budgets, policies, contracts, personnel management, printing course materials and catalogues, maintenance of computer data, long range planning, and keeping inventories of equipment. Teaching and academic endeavors are not administrative activities.

"Author" or "Creator" means an individual who alone or as part of a group of other creators, invent, author, discover, or otherwise create intellectual property.

"District Resources" means all tangible resources including buildings, equipment, facilities, computers, software, personnel, and funding.

"Course Materials" Materials prepared for use in teaching, fixed or unfixed, in any form, including, but not limited to, digital, print, audio, visual, or any combination thereof. Course materials include, but are not limited to, lectures, lecture notes, and materials, syllabi, study guides, bibliographies, visual aids, images, diagrams, multimedia presentations, web-ready content, and educational software.

"Course Syllabus" means a document that includes information about the outline, standards for student evaluation, and additional information which reflects the academic work of the faculty member.

"Digital Encoded Work" means a work (on a bit-sequence) that can be stored on computer-readable media, manipulated by computers, and transmitted through data networks.

"District facilities" include buildings, equipment, and other facilities under the control of the District, that are designated by the appropriate administrative officer as requiring an advance agreement, from non-District
personnel and District personnel acting outside the scope of their employment, concerning the disposition of any copyrighted works that are originated with the use of these facilities. Such facilities normally include campus computer centers and normally do not include District libraries.

"District funds," regardless of source, are administered under the control, and responsibility, or authority of the District.

"Employee" means an individual employed by the District, and shall include full-time and part-time faculty, classified staff, student employees, appointed personnel, persons with "no salary" appointments, and academic professionals, who develop intellectual property using District resources, unless there is an agreement providing otherwise.

"Intellectual Property" means works, products, processes, tangible research property, copyrightable subject matter, works of art, trade secrets, know how, inventions and other creations the ownership which are recognized and protected from unauthorized exploitation by law. Examples of intellectual property include scholarly, artistic, and instructional materials.

"Student" means an individual who was or is enrolled in a class or program at the District at the time the intellectual property was created.

"Student Employee" means a student who is paid by the District, and may include students participating in a work study program or who receive stipends while they are acting within the scope of their employment at the District at the time the intellectual property was created.

"Substantial Use of District Resources" means use of District resources beyond the normal professional, technology, and technical support generally provided by the District and extended to an individual or individuals for development of a product, project, or program. The use of District resources must be important and instrumental to the creation of the intellectual property. The following do not constitute substantial use of the District's resources: (1) incidental use of District resources and/or (2) extensive use of District resources commonly available to District employees. A substantial use of the District's resources may be implicated in situations where the creator spends such time and energy in the creation of a work that results in a great reduction of the creator's teaching activity.

"Work" means an "original work of authorship fixed in a tangible medium" as used in the Copyright Act.

Ownership of Intellectual Property

The ownership rights to a creation at the District shall be determined generally as set forth below, unless ownership is modified by an agreement.

Employee Intellectual Property Rights

A District employee who is the creator of an academic work in his or her field of expertise owns the copyright of that work. Academic works include textbooks, lecture notes and other course materials,
literary work, artistic work, musical work, architectural work and software produced with no more than nominal or incidental use of the District's resources. Academic works described in this paragraph are owned by the employee even though such works may have been developed within the employee's scope of employment.

Intellectual property unrelated to an individual's employment responsibilities at the District, and that is developed on an individual's own time and without the District's support or use of District facilities is the exclusive property of the creator and the District has no interest in any such property and holds no claim to any profits resulting from such intellectual property.

**District Intellectual Property Rights**

The District owns all other intellectual property, including but not limited to patentable inventions, such as computer software, created by its employees under the following circumstances:

1. If intellectual property is created through the District's administrative activities by an employee working within his or her scope of employment; or

   If intellectual property is created by an employee executing a duty or specific assignment designated by the District; or

2. If intellectual property is created through the substantial use of District resources; or

3. If intellectual property is commissioned by the District pursuant to a signed contract; or

4. If intellectual property is produced within one of the nine categories of works considered works for hire under copyright law pursuant to a written contract, or

5. If intellectual property is produced from research specifically supported by state or federal funds or third party sponsorship. Grant funds obtained by faculty members for the creation of works shall be considered substantial support provided by the District only if the District is involved in the fiscal administration of the grant.

Where circumstances give rise to District intellectual property rights, as described above, the creator of the potential intellectual property will promptly disclose the intellectual property to the District. The District and the creator may enter into a written agreement whereby the creator executes documents assigning intellectual property rights to the District.

The Chancellor may waive the District's interests in its intellectual property by executing a written waiver.

**Student Intellectual Property Rights**

District students who created a work are owners of and have intellectual property rights in that work. District students own the intellectual property rights in the following works created while they are students at the District: (1) intellectual property created to meet course requirements using college or District resources, and (2) intellectual property created using resources available to the public. Intellectual property works created by students while acting as District employees shall be governed under provisions for employees.

**Modification of Ownership Rights**

The general provisions for ownership of intellectual property rights set forth in Section II may be modified by the parties as follows:
Sabbatical Works

Generally, intellectual property created by District employees during a sabbatical is defined as an academic work. However, where a work to be created as part of an approved sabbatical plan requires resources beyond those normally provided to other employees during a sabbatical (substantial use District resources), the parties may enter into an agreement to define the District and employee's intellectual property rights in the sabbatical work.

Assignment of Rights

When the conditions outlined in the sections on employee intellectual property rights or student intellectual property are met, ownership will reside with the employee or student responsible for creating the intellectual property. In these circumstances, the creator may pursue intellectual property protection, marketing, and licensing activities without involving the District. If such a decision is made, the creator is entitled to all revenues received.

Any person may agree to assign some or all of his or her intellectual property rights to the District.

In the event the creator offers to share or assign intellectual property rights in the creation to the District, the District may support and finance application for intellectual property protection (trademark, patent, or copyright) or it may enter into an agreement for other exploitation of the work, including management, development and commercialization of the property under terms and conditions as may be agreeable to the parties. After evaluating the creator’s offer, the District may or may not decide to become involved in a joint investment agreement. A negative response from the District will be communicated in writing to the creator. An affirmative response from the District will be summarized as an offer to enter into a written contract. If the creator accepts the District's proposed contract, any revenues received from commercialization of the intellectual property will be distributed as defined in the contract.

Sponsorship Agreements

A sponsored work is a work first produced by or through the District in the performance of a written agreement between the District and a sponsor. Sponsored works generally include interim and final technical reports, software, and other works first created in the performance of a sponsored agreement. Sponsored works do not include journal articles, lectures, books or other copyrighted works created through independent academic effort and based on the findings of the sponsored project, unless the sponsored agreement states otherwise. Ownership of copyrights to sponsored works shall be with the District unless the sponsored agreement states otherwise. Where a sponsorship agreement does not define ownership of the intellectual property, ownership shall be determined under applicable law. Any sponsorship agreement that provides for ownership of the work by one other than the District generally shall provide the District with a nonexclusive, world-wide license to use and reproduce the copyrighted work for education and research purposes.

Collaboration/Partnership Agreements

The District may participate in projects with persons/organizations that result in the creation of intellectual property. Ownership rights of such intellectual property will be defined by the collaboration/partnership agreement, or shall be determined under applicable law.
Special Commissions

Intellectual property rights to a work specially ordered or commissioned by the District from a faculty member, professional staff member, other District employee, or other individual or entity, and identified by the District, as a specially commissioned work at the time the work was commissioned, shall belong to the District. The District, and the employee shall enter into a written agreement for creation of the specially commissioned work.

Use of Substantial District Resources

In the event the District provides substantial resources to an employee for creation of a work and the work was not created under an agreement (such as a sponsorship agreement, individual agreement, or special commission) the District and the creator shall own the intellectual property rights jointly in proportion to the respective contributions made.

Encoded Works/Software for Administrative Activities

The District may hire an individual or entity to develop software or other encoded works, to be used in the District's administrative activities. The District shall maintain ownership of the intellectual property rights in such encoded works. Similarly, the District shall have ownership of the intellectual property rights in encoded works created by an employee, even where the work was created out of the employee's own initiative, if the work in related to the employee's job responsibilities. For example, if an employee in the student records office creates a software program, on his own initiative, which will organize student records, such work is related to the employee's job duties and will belong to the District. Where an employee creates a program that does not relate to his or her job duties, and that program was created on the employee's own time, the work belongs to the employee.

Collective Bargaining Agreement

In the event the provisions of these procedures and the provisions of any operative collective bargaining agreement conflict, the collective bargaining agreement shall take precedence.

Jointly Created Works

Ownership of jointly created works shall be determined by separately assessing which of the above categories applies to each creator, respectively. Rights between joint owners of a copyright shall be determined pursuant to copyright law.

Work Acquired by Assignment or Will

The District may acquire copyrights by assignment or will pursuant to the terms of a written agreement or testament. The terms of such agreements should be consistent with District policies and these procedures.

Materials Implicating Third Party Rights

District employees and students must comply with District policies and state and federal laws, including copyright and privacy laws, in creating works. District employees and students must obtain all required licenses, consents, and releases necessary to avoid infringing the rights of third parties. District employees and students with questions or concerns regarding third party rights should direct all inquiries to [Insert office or position].
The [insert designated position] shall be the District's Intellectual Property Coordinator. The coordinator shall administer this procedure and will implement the District's Intellectual Property Policy. The Intellectual Property Coordinator will also monitor the development and use of the District's intellectual property. Any questions relating to the applicability of the District Intellectual Property or this procedure may be directed and answered by the Intellectual Property Coordinator.

Preservation of Intellectual Property Right

Protection of Rights.

The District shall undertake such efforts, as it deems necessary to preserve its rights in original works for which the District is the sole or joint owner of intellectual property rights. The District may apply for a patent, for trademark registration, for copyright registration, or for other protection available by law on any new work in which it maintains intellectual property rights.

Payment of Costs.

The District may pay some or all costs required for obtaining a patent, trademark, copyright, or other classification on original works for which it exclusively owns intellectual property rights. If the District has intellectual property rights in a jointly owned work, the District may enter into an agreement with the joint owners concerning payment of such costs.

Commercialization of Intellectual Property

Right of Commercialization.

The District may commercialize its Intellectual Property using its resources or it may enter into agreements with others to commercialize the work as authorized by law.

Distribution of Proceeds.

An employee who creates a work and retains an intellectual property interest in such work in which the District maintains intellectual property rights is entitled to share in royalties, licenses, and any other payments from commercialization of the work in accordance with applicable agreements and applicable laws. All expenses incurred by the District in protecting and promoting the work including costs incurred in seeking patent or copyright protection and reasonable costs of marketing the work, shall be deducted and reimbursed to the District before the creator is entitled to share in the proceeds.
Intellectual Property Account

The District shall deposit all net proceeds from commercialization of intellectual property in its own general intellectual property account. The [insert authorized position] may use the account to reimburse expenses related to creating or preserving the District's intellectual property rights or for any other purpose authorized by law and District policy including the development of intellectual property. The District shall deposit all net proceeds from commercialization of intellectual property in its own general intellectual property account. The Chancellor or his/her designee may use the account to reimburse expenses related to creating or preserving the District's intellectual property rights or for any other purpose authorized by law and District policy including the development of intellectual property.

Notification

The Intellectual Property Coordinator shall provide a copy of these Intellectual Property Procedures to persons upon request. The District shall arrange training on a periodic basis for faculty, staff and/or other persons who are covered by this Intellectual Property Procedure. The Intellectual Property Coordinator shall provide a copy of these Intellectual Property Procedures to persons upon request. AP 4232 Pass/No Pass

(Replaces current SBCCD AP 4231)

NOTE: This procedure is legally advised if the District offers courses for pass/no pass basis. Local practice may be inserted, but should comply with the following.

Application

Courses may be offered in either or both of the following categories:

- Courses in which all students are evaluated on a "pass/no pass" basis.
- Courses in which each student may elect on registration, or within [time limit established by District], to take the course on a "pass/no pass" basis.

A. Courses in which all students are evaluated on a "pass/no pass" basis.

B. A student may elect to be graded on a Pass/No Pass basis in any class by filing the appropriate form in the college Records Office by the end of the fifth week of instruction for regular term length classes or no later than thirty percent of the term length for short-term classes.

Grade

The student is held responsible for all assignments and examinations required in the course. The standards of evaluation are identical for all students in the course.

A student electing to be evaluated on the "pass/no pass" basis will receive both course credit and unit credit upon satisfactory completion of the course. In computing a student's grade-point average, grades of "pass/no pass" are omitted.

A pass grade is granted for performance that is equivalent to the letter grade of "C" or better. A student who fails to perform satisfactorily will be assigned a "no pass" grade.

After the deadline, the only justification for a change from Pass/No Pass to a letter grade is institutional error or extraordinary circumstances that require approval through the college petition process.

The student is held responsible for all assignments and examinations required in the course.

(Replaces current SBCCD BP 5050)

Student Success for San Bernardino Community College District students means more than just obtaining degrees, transfer, certificate, or career advancement. It also means the achievement of the individual student’s self-established educational goals including completing a specific course, program, career and/or technical education to maximize the skills necessary to become a better person, worker, and/or citizen. Student Success is not merely an outcome, but also a process. It’s a journey that encompasses multiple levels of achievement and milestones such as the abilities to: analyze, synthesize, and evaluate information; effectively communicate with others; achieve proficiency in various disciplines; collaboratively work in culturally diverse settings; be leaders who see projects through to completion; be responsible decision makers who are self-motivated; be active civic participants; and be ethical individuals who are committed to their families, communities, and others.

The Board’s commitment to Student Success is to ensure the availability of resources for the colleges to achieve the goals and objectives as stated in their college planning documents.

The District shall provide Student Success and Support Program services to students for the purpose of furthering equality of educational opportunity and academic success. The purpose of Student Success and Support Program services is to bring the student and the District into agreement regarding the student’s educational goal through the District’s established programs, policies, and requirements.

The Chancellor is responsible for establishing procedures to assure implementation of Student Success and Support Program services that comply with the Title 5 regulations.

- Notice of the employee's right to respond to the charges either orally or in writing to the appropriate manager;

The employee shall have the right to respond to the appropriate manager orally or in writing. The employee shall have a right to be represented at any meeting set to hear the employee's response. In cases of suspensions, demotions, or dismissal, the employee's response will be considered before final action is taken.

Final Notice

After the response or the expiration of the employee's time to respond to the notice of intent, the appropriate authority shall:

1. dismiss the notice of intent and take no disciplinary action against the employee; or
2. modify the intended disciplinary action; or

3. prepare and serve upon the employee a final notice of disciplinary action. The final notice of disciplinary action shall include the following:
   - The disciplinary action taken;

   • The right to representation at all phases of the disciplinary process, and
   • Statement of the employee’s right to hearing(s).

### Appeal and Request for Hearing

If a classified employee, having been issued the final notice of disciplinary action, wants to appeal the action, he/she shall within ten calendar days from the date of receipt of the notice, appeal to the Board of Trustees by filing a written answer to the charges and a request for hearing with the [designate position].

### Time for Hearing

The Board of Trustees shall, within a reasonable time from the filing of the appeal, commence the hearing. The Board may conduct the hearing itself, or it may secure the services of an experienced hearing officer or Administrative Law Judge, mutually selected by the District and the employee, to conduct a hearing and render a proposed decision for consideration by the Board. However, in every case, the decision of the Board itself shall be final. The Board of Trustees may affirm, modify or revoke the discipline. Any employee, having filed an appeal with the Board and having been notified of the time and place of the hearing, who fails to make an appearance before the Board, may be deemed to have abandoned his/her appeal. In this event, the Board may dismiss the appeal.

### Record of Proceedings and Costs

All disciplinary appeal hearings may, at the discretion of either party or the Board of Trustees, be recorded by a court reporter. Any hearing which does not utilize a court reporter shall be recorded by audio tapes. If a court reporter is requested by either party, that party shall pay the cost of the court reporter.
**Conduct of the Hearing**

- The hearing need not be conducted in accordance with technical rules relating to evidence and witnesses but hearings shall be conducted in a manner most conducive to determination of the truth.
- Any relevant evidence may be admitted if it is the type of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rules which might make improper the admission of such evidence over objection in civil actions.
- Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence that shall not be sufficient in itself to support a finding unless it would admissible over objection in civil actions.
- The rules dealing with privileges shall be effective to the same extent that they are now or hereafter may be recognized in civil actions.
- Irrelevant and unduly repetitious evidence may be excluded.
- The Board shall determine relevancy, weight and credibility of testimony and evidence. Decisions made by the Board shall not be invalidated by any informality in the proceedings.
- During examination of a witness, all other witnesses, except the parties, shall be excluded from the hearing upon motion of either party.

**Burden of Proof**

In a disciplinary appeal the District has the burden of proof by preponderance of the evidence.

**Proceed with Hearing or Request for Continuance**

Each side should be asked if it is ready to proceed. If either side is not ready and wishes a continuance, good cause must be stated.

**Testimony under Oath**

All witnesses shall be sworn in for the record prior to offering testimony at the hearing. The chairperson will request the witnesses to raise their right hand and respond to the following:

"Do you swear that the testimony you are about to give at this hearing is the truth, the whole truth and nothing but the truth?"

**Presentation of the Case**

The hearing shall proceed in the following order unless the Board of Trustees, for special reason, directs otherwise:

- The party imposing discipline (District) shall be permitted to make an opening statement.
- The appealing party (employee) shall be permitted to make an opening statement.
- The District shall produce its evidence.
- The party appealing from such disciplinary action (employee) may then offer their evidence.
- The District followed by the appealing party (employee) may offer rebutting evidence.
- Closing arguments shall be permitted at the discretion of the Board of Trustees.

The party with the burden of proof shall have the right to go first and to close the hearing by making the last argument. The Board may place a time limit on closing arguments. The Board or the parties may request the
submissions of written briefs. After the request for submitting written briefs, the Board will determine whether to allow the parties to submit written briefs and determine the number of pages of briefs.

**Procedure for the Parties**

The District representative and the employee representative will address their remarks, including objections, to the President of the Board. Objections may be ruled upon summarily or argument may be permitted. The Board reserves the right to terminate argument at any time and issue a ruling regarding an objection or any other matter, and thereafter the representative shall continue with the presentation of their case.

**Right to Control Proceedings**

While the parties are generally free to present their case in the order that they prefer, the Board reserves the right to control the proceedings, including, but not limited to, altering the order of witnesses, limiting redundant or irrelevant testimony, or by the direct questioning of witnesses.

**Hearing Demeanor and Behavior**

All parties and their attorneys or representatives shall not, by written submission or oral presentation, disparage the intelligence, ethics, morals, integrity, or personal behavior of their adversaries or members of the Board of Trustees.

**Deliberation Upon the Case**

The Board of Trustees should consider all oral and documentary evidence, the credibility of witnesses, and other appropriate factors in reaching their decision. The Board may deliberate at the close of the hearing or at a later fixed date and time. In those cases where the Board has received a proposed decision from a hearing officer or Administrative Law Judge, the proposed decision, the record of the hearing and all documentary evidence shall be available for review by the Board when it deliberates.

**Written Findings, Conclusion, and Decision**

**Right to a Pre-Disciplinary Meeting (Skelly Conference).** The "notice of proposed discipline" shall inform the unit member of his/her right to request a pre-disciplinary meeting (Skelly Conference) prior to the imposition of the discipline. In the event of the unit member's timely request of a pre-disciplinary meeting (Skelly Conference), such a meeting shall be held no sooner than (5) days but within a reasonable period of time of upon the unit member's request. At such a meeting the unit member shall be granted a reasonable opportunity, either in person or in writing, to make any representations the unit member believes are relevant to the case and put forth any information as to why the intended action should not proceed.

If a pre-disciplinary hearing is held, the District shall provide the CSEA President or designee and unit member with a written notification of the Skelly Officer's recommendation to either continue, amend, reduce, or dismiss the proposed discipline within ten (10) days.

Subject to the outcome of the pre-disciplinary hearing (Skelly) referenced above, the discipline will commence following the outcome of that pre-disciplinary hearing (Skelly) or, if no pre-disciplinary hearing (Skelly) is requested, on the sixth calendar day following receipt of this notice. If unit member timely request an evidentiary hearing, as addressed above, such a hearing would occur following the commencement of discipline.
**Right to an Evidentiary Hearing.** The "Notice of Proposed Discipline" shall inform the unit member of his/her right to request an evidentiary hearing after a decision is provided resulting from the pre-disciplinary meeting (Skelly Conference). Unit members have the right, upon request, to an evidentiary hearing before the disciplinary action is final.

Such request for an evidentiary hearing must be made in writing within five (5) days from receipt of the "Notice of Proposed Discipline" and must be actually received by the Vice Chancellor of Human Resources or designee no later than five (5) days after notice is delivered. If the unit member requests an evidentiary hearing within the five (5) day period, at such hearing the unit member will be provided an opportunity to present oral and/or documentary evidence, confront and cross examine witnesses and to represented by a representative of his/her choice. No evidentiary hearing shall be held unless written notice is delivered to the Vice Chancellor of Human Resources or designee within five (5) days of the date this notice is served on the unit member.

Failure to file a timely request for an evidentiary hearing waives the unity members’ right to an evidentiary hearing and no hearing will be held.

**Member’s Right During an Evidentiary Hearing.**

- **Evidentiary Hearing:** All evidentiary hearings shall be conducted by a neutral hearing officer who shall be mutually agreed upon within twenty (20) days by the District and CSEA Association. In the event the parties are unable to reach an agreement on the hearing officer within twenty (20) days from the date of the request for the hearing, a request for a list of five (5) qualified hearing officers will be submitted to the California Mediation and Conciliation Service by the District. The Hearing Officer will be selected from the aforementioned list by alternate strike off. The first strike off will be determined by chance then each party will strike one name from the list until only one name remains. The remaining hearing officer will conduct the hearing. The hearing shall be conducted under rules of procedure established by the hearing officer which are consistent with the law. Both the District and CSEA Association shall have the right to call witnesses, introduce evidence, cross examine any witness, and make motions or objections to the proceedings. All hearings shall be closed to the public unless the affected unit member specifically requests that the hearing be open to the public.

- **Witnesses and Evidence:** The hearing officer shall have the authority to compel the production of such witnesses and evidence as may be necessary to ensure that the bargaining unit member’s due process rights are protected. The technical rules of evidence shall not apply. Hearsay evidence may be submitted to support direct evidence, but may not be sufficient standing alone to support a finding.

- **Following the Evidentiary Hearing:** the Hearing Officer shall render his or her findings, and decision, which shall be served on both parties. The Hearing Officer’s decision is a recommendation only and is not
Unit members have the right to an evidentiary hearing before a neutral hearing officer; however, the
Governing Board's determination of the sufficiency of the cause of disciplinary action shall be conclusive.

**Decision of the Board to be Final**

The Board decision of the Board of Trustees in all cases shall be final. The Board may sustain or reject any or all of the charges filed against the employee. The Board may sustain, reject or modify the disciplinary action invoked against the employee. In those cases where the Board has received a proposed decision from a hearing officer or Administrative Law Judge, the Board may adopt the proposed decision, modify the proposed decision or render its findings, conclusions and decision as soon after the conclusion of the hearing as possible. A finding must be made by the Board on each material issue. The Board may sustain or reject any or all of the charges filed against the employee. The Board may sustain, reject or modify the disciplinary action invoked against the employee. In those cases where the Board makes a new decision. If the Board recommends reinstatement of the terminated employee, the employee is only entitled to back pay minus the sum the employee has received a proposed decision from a hearing officer or Administrative Law Judge, the Board may adopt the proposed decision, modify the proposed decision or render a new decision. SUBJECT: Consideration of Approval to Conduct a Public Hearing and Acknowledge an Initial Proposal to Reopen Negotiations with CSEA from the District

RECOMMENDATION

1) It is recommended that the President of the Board of Trustees open a hearing for public comment on the initial reopener proposal below and, following any comments from the public, the President of the Board of Trustees close the hearing:

   › As proposed by the District, Article 24 Classified Staff Teaching Part-Time.

2) It is further recommended that, having conducted the public hearing pursuant to Government Code 3547, the Board of Trustees acknowledge this proposal and the parties commence negotiations.

OVERVIEW

Government Code 3547 requires that all initial proposals for collective bargaining be presented at a public meeting. This is commonly known as sunshining.

In February 2018 the District and CSEA Chapter 291 entered into an agreement for the period July 1, 2017 through June 30, 2020. Article 21 of that agreement, which regards Severability, states, “If any provisions of this Agreement are held to be contrary to law by a court of competent jurisdiction, such provisions will not be deemed valid and subsisting except to the extent permitted by law, but all other provisions will continue in full force and effect.” It is on the basis of this provision that the District has submitted this initial reopener proposal.

ANALYSIS

This board item agendizes and makes public the District’s initial proposal to negotiate Article 24 Classified Staff Teaching Part-Time.

OVERVIEW

Postsecondary educational institutions (institutions) that participate in student aid programs under Title IV of the federal Higher Education Act of 1965, as amended, are required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) to create an annual security report by October 1 of each year. This security report must contain required crime statistics of the institution as well as certain security policy disclosures. When institutions do not comply with the Clery Act, they inhibit the ability of students and others to make informed decisions about campus security. Further, the U.S. Department of Education can impose financial penalties of up to $55,907 per violation against noncompliant institutions.

RECITALS

1. In Accordance with California Government Code 70901.2, shared governance organizations shall not receive time, rights, or representation on shared governance task forces, committees, or other governance groups exceeding that offered to the exclusive representative of classified employees.

2. CSEA is the exclusive representative of the bargaining unit workers employed by the District. It was brought to CSEA’s attention through a discussion between former District Classified Senate President, Cassandra Thomas and previous CSEA #291 Chapter President, Grayling Eation (Eation), that the District Classified Senates had previously been provided funds from the District. Past CSEA #291 Chapter President Eation was informed again that funds were being provided to the District's Classified Senate without similar consideration provided to CSEA.

3. A dispute has arisen between Association and the District, and the Association has alleged that the District has violated California Education Code 70901.2. During the course of the 2014/2015 year $9,715.00 was provided, 2015/2016 year $7,371.88 was provided and 2016/2017 year $9,647.67 was provided to the Crafton Hills College and San Bernardino Valley College Classified Senate, without similar consideration provided to CSEA.

4. The Parities have addressed the concerns raised by CSEA through the course of a collaborative problem solving meeting which occurred May 15, 2017, wherein the District agreed to provide CSEA with an expense account in the amount of $26,734.55.

TERMS

In the interest of avoiding time and expense of further administrative or legal proceedings, the Parties agree to resolve the violations on the terms and conditions set forth herein:

1. The District and the Association agree that effective immediately, that CSEA’s San Bernardino Community College Chapter #291 shall be provided an expense account with the total amount of $26,734.55. The funds in this expense account shall be used to send
CSEA members to conferences or professional development trainings. This is a one-time expense account that once it is depleted will not be replenished with additional funds.

2. The District and Association agree that should additional funds be provided to Crafton Hills College Classified Senate or San Bernardino Valley College Classified Senate in the future, CSEA will automatically receive the same amount in funds received by the Classified Senate. These funds provided by the District through the aforementioned CSEA expense account.

3. The District and the Association will mutually agree on a process as to how the expense account is to be accessed and distributed.

4. This Memorandum of Understanding shall in no way set a precedent for any other settlement of disputes in the future.
