Board of Trustees Meeting

August 2018

Boards unanimously votes approving $470 million bond measure for November ballot
To continue SBCCD's legacy of high-quality workforce training and affordable, local higher education, SBCCD Board of Trustees unanimously voted to place a bond measure on the November ballot. The San Bernardino Valley/Crafton Hills College Job Training, Safety, Repair Measure will allow upgraded classrooms, labs, Veterans Center, career counseling/job training facilities for science, engineering, nursing, industrial careers; improve student safety, access to affordable, high-quality education; repair, construct/acquire classrooms, facilities, sites, and equipment.

This bond measure has strict accountability requirements including:
1. All money will benefit San Bernardino Valley College and Crafton Hills College campuses and cannot be taken by the State.
2. No money can be used for administrative/faculty salaries, pensions, and other operating expenses.
3. Require taxpayer oversight and yearly audits to ensure all funds are used locally, effectively and as promised.
5. By law, performance and financial audits will be performed annually, and all bond expenditures will be monitored by an independent citizens’ bond oversight committee to ensure that funds are spent as promised and specified. The citizens' oversight committee must include, among others, representation of a bona fide taxpayers association, a business organization, and a senior citizens organization. No District employees or vendors are allowed to serve on the committee.

Board authorizes staff to commence negotiations for the acquisition of commercial building(s)
Acquisition of a new building will allow the District to satisfy the primary goal of occupying the property for the District’s own use, including but not limited to housing the District Support Services departments. In addition, the District would benefit financially from not paying rent to a third party, as well as receiving an income stream from existing tenants of the property.

The Board of Trustees approved the following:
1) Authorize District staff to commence negotiations for the acquisition of one or more Property(ies);
2) Find that the acquisition of the Property(ies) shall not exceed $40,000,000;
3) Direct District staff to keep the Board informed of the progress of negotiations and the acquisition process of any other properties which may be available for acquisition; and
4) Delegate authority to the Executive Vice Chancellor, or his designee, to do any and all things, and to execute and deliver any and all documents, which they may deem necessary or advisable in order to negotiate a final purchase and sale agreement, and bring the final purchase agreement to the Board for approval.

Any property(ies) purchase would be funded by the FCC Auction Proceeds as allowed by Guiding Principle 10., Investments should include real estate and a diversified portfolio.
