SBCCD FIRST CCC ZERO NET ENERGY BUILDING

Creating a clean energy future for our students is a major priority for the Board of Trustees. That is why SBCCD is proud to be recognized by Southern California Edison (SCE) as the first Zero Net Energy community college building in California with solar carports, solar lighting, energy efficiency, and advanced building HVAC and controls.

At the August Board meeting, Southern California Edison presented SBCCD Board of Trustees with a check for SBCCD’s completion of ZNE initiative and partnership project.

WELCOME TO THE TEAM!

• Yash Patel is the new sustainability & energy manager at the District’s Facilities Department effective 8/9/2019. Yash replaced Farrah Farzaneh who was promoted to district’s director of facilities, planning & construction.

• Kenneth Byrnes is the new laboratory technician at CHC’s Physics Department as of 8/12/2019. Kenneth replaced M. Eilander.

• Jessica Haro is the new workforce grant assistant at EDCT effective 8/9/2019. This is a newly added position to EDCT.

• Stephen Cole will be the new planetarium production presentation coordinator at SBVC’s Science Department effective 9/3/2019. Stephen will replace C. Clarke.

• Dmitriy Kalantarov will be the new division dean at SBVC’s Science Department effective 9/3/2019. Dmitriy will replace L. Burnham.

CONGRATULATIONS ON PROMOTING

Maria Torres who is formally the district office clerical assistant II, has been promoted to human resource coordinator. Congratulations, Maria.

THANK YOU FOR YOUR SERVICE

After 5 years of service, SBVC Health Service’s Secretary II, Eunice Faye Cairns will retire. Eunice’s last day of employment is 10/1/2019.
