The background of the page is a large, light blue police badge. The badge is shield-shaped with a white border. At the top, the word "POLICE" is written in large, white, block letters. Below this, the words "SAN BERNARDINO" are written in a smaller font, and "COMMUNITY COLLEGE DISTRICT" is written in a circular arrangement around a central emblem. The emblem depicts a landscape with a river, a bridge, and a building. The text "San Bernardino Community College District" is overlaid on the badge in a large, bold, black serif font.

About the Annual Security Report

In 1990, the U.S. Congress enacted the "Crime Awareness and Campus Security Act of 1990," which requires colleges and universities to disclose information about crime on and around their campuses. This law was renamed in 1992 to the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act". The information in this report is available to all campus community members and the public. This report provides statistical, policy, and procedural information required by law. The full text of this report can be accessed from our website at <http://sbccd.org/asr2011>.

The College, via "Blackboard Connect" sends emails, text and voicemails explaining this report and its contents to all enrolled students, faculty and staff. Copies of the report may also be obtained at the San Bernardino Community College District Police Dept located in the Campus Center Building, Room 100 at, 701 S. Mt. Vernon Ave., San Bernardino, CA 92410 or by calling (909) 384-4491. All prospective employees may obtain a copy from Human Resources located at 114 S. Del Rosa Drive, San Bernardino, CA 92408 or by calling (909) 382-4000. Through the Outreach and Recruitment Program all prospective students are provided copies of the Annual Security Report.

The San Bernardino Community College District Police Dept. prepares this report in cooperation with College offices and the police agencies surrounding the main campus of SBCCD and our alternative sites by collecting policy information and crime statistics. All local Police Agencies provide automated statistics for the property and a radius around the property. These statistics may also include crimes that have occurred in private residences or businesses and is not required by law. Student organization recognition does not extend beyond the College and student organizations are not recognized to engage in activity off campus.

Campus Law Enforcement Policies

Crime Prevention and Security Awareness

The San Bernardino Community College District Police Dept's primary responsibility is the safety and security of all members of the College community. The Department makes every effort to inform students and staff of criminal activity or any other concern that may be of an immediate threat to the safety and security of those on campus. A Crime Prevention workshop will be offered once a semester to college students and staff. It is the responsibility of every member of the campus community to act in ways that promote the safety of self, others, and the protection of District property.

Access & Security Issues

All buildings are opened and closed by the custodial dept. We recognize that there will be some need for after-hour and weekend access to buildings. Anyone working late should notify the Police Dept that they will be on campus. Holiday access scheduling is treated as weekend access. Access to EDCT facilities is limited to staff, students and escorted guest. Entry is monitored on a 24-hour basis. The campus facilities are maintained by Maintenance and Operations and patrolled by San Bernardino Community College District Police Officers. The San Bernardino Community College District Police Officers regularly test the emergency phones and submit work orders for repair, recommend the trimming of shrubbery for safety reasons and conduct periodic lighting surveys. Officers report the need for replacement of lights and any other physical hazards they notice. Lighting and maintenance improvements are constantly being evaluated and are reported to our Maintenance and Operations Dept. Periodic crime prevention surveys are conducted when a crime trend occurs or upon physical changes of office space and equipment when requested by an administrator.

Security & Safety of Off-Campus Sites

The San Bernardino Community College District Police Dept does provide security at off-campus sites. All emergencies and crimes should be reported to the San Bernardino Community College District Police Dept.

Notifying the Campus about crimes and emergency situations

SBCCD Policy on Clery Timely Warning Notices (Campus Safety/Crime Alerts)

The purpose of this policy is to outline procedures that the SBCCD Police Dept will use to notify campus community members in the event of certain crimes committed on or near the campus. This policy complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

Policy:

To help prevent crimes or serious incidents, the SBCCD Police Dept will issue a Campus Safety Alert or Notice in a timely manner to notify community members about certain crimes in and around our community that potentially constitute an ongoing or continuing threat. For the purposes of this policy, "timely manner" generally means within 48 hours after an incident has been brought to the attention of a "campus security authority" as defined in the Clery Act.

Members of the community who know of a crime or other serious incident should report that incident as soon as possible to the SBCCD Police so the Department can make a determination regarding issuing an alert.

If community members report crimes or serious incidents to other campus administrators, those administrators should notify the Police Dept. Representatives of these offices will promptly notify the SBCCD Police Department to issue a Campus Safety Alert, if one is appropriate.

Depending on the particular circumstances of the crime or other incident, specifically in those situations that could pose an immediate threat to members of the campus community, an emergency notification will be made.

Distribution of Campus Safety Alerts:

The Department distributes Campus Safety/Crime Alerts in various ways. Once the SBCCD Police Department determines that an alert will be issued, the department e-mails the announcement and posts it on its Web site (www.sbccd.org). The Department also posts alerts on bulletin boards throughout common areas on campus.

This policy is reviewed annually. The SBCCD Police Dept. is responsible for implementing this policy.

Policy Statement Regarding SBCCD Police Department Emergency Response and Evacuation Procedures

This policy statement summarizes the SBCCD emergency response and evacuation procedures, including protocols for emergency notifications in those situations that represent a significant emergency or dangerous situation affecting the health and/or safety of the SBCCD community. This policy statement complies with the Emergency Notification requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

Emergency Response Plan:

The SBCCD Police Department has an Emergency Operations Plan that is responsible for the overall direction and planning for emergency situations on campus or those that occur in the local or regional area affecting the campus. The SBCCD has developed a comprehensive, all-hazards Emergency Response Plan that outlines steps the SBCCD will take to prevent and mitigate, prepare for, respond to, and recover from a full range of likely hazards the College may face.

To ensure that these plans remain current and actionable, the SBCCD will conduct an emergency management exercise, at a minimum once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. The SBCCD will conduct after-action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, the SBCCD will notify the community of the exercise and remind the community of the information included in the SBCCD publicly available information regarding emergency response procedures.

Emergency Notification System:

The SBCCD Police Department is committed to ensuring the campus community receives timely, accurate, and useful information in the event of an emergency situation on campus or in the local area that poses a risk to the health and safety of campus community members. To support this commitment, the SBCCD has invested in several multi-modal forms of communications that allow administrators to distribute notices in the event of a critical incident or dangerous situation.

Confirming the Existence of a Significant Emergency or Dangerous Situation that is an immediate threat and initiating the Emergency Notification System:

The SBCCD Police Department and/or other campus first responders may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to the SBCCD Police Department or upon discovery during patrol or other assignments.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety to some or all members of the campus community, first responders will notify supervisors in the SBCCD Police Department to issue an emergency notification.

The College's representatives, including supervisors in the Police Department, individuals assigned to Environmental Health and Safety and the SBCCD's senior administration, will immediately initiate all or some portions of the SBCCD's emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the SBCCD may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, the SBCCD will issue the emergency notification to the campus community or applicable segment of the community.

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification:

Campus and local first responders on the scene of a critical incident or dangerous situation that poses an immediate threat to the health or safety of the campus community will assist those preparing the emergency notification with determining what segment or segments of the campus community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The SBCCD may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the SBCCD mass notification system, "Blackboard Connect" the college will also post applicable messages about the dangerous condition on the college

homepage to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of or the entire campus, college officials will distribute the notification to the entire campus community.

Determining the Contents of the Emergency Notification:

The office responsible for issuing the emergency notification (usually the SBCCD Police Dept) with the assistance of campus and local first responders, determine the content of the notification. The SBCCD has developed a template of messages addressing different emergency situations. The SBCCD Police Department will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident. Those issuing the notification will use the following guidelines when determining the contents of the emergency message.

1. The first message is intended to **Alert** the community or appropriate segment of the campus community of the dangerous condition and the actions they should take. Messages distributed in this stage of a rapidly unfolding critical incident will generally be short, precise, and directive. Example message: “There is a chemical spill at a Building. The chemical released is extremely hazardous if inhaled. Occupants of Building should immediately evacuate through the northeast exits. Follow the directions of fire personnel who are on scene.”
2. The second message is intended to **Inform** the community or appropriate segment of the campus community about additional details of the situation. This message is generally distributed once first responders and the Emergency Operations Center has additional information about the dangerous situation. Examples include: “a cut power line, the Facilities personnel is responding to repair the damage. We expect the outage will last until 2:00 p.m. Refer to the homepage for additional information or dial (909) 384-4491.”
3. Finally, the third message is the **Reassure** notice that is generally distributed once the situation is nearly or completing resolved. The purpose of this message is to reassure the community that the SBCCD is working diligently to resolve the dangerous situation. It can also be used to provide additional information about the situation and where resources will be available.

In those cases where there are no pre-determined template messages in the system, the individual issuing the alert will send develop the most succinct message to convey the appropriate message to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

Procedures Used to Notify the Campus Community:

In the event of a situation that poses an immediate threat to members of the campus community, the SBCCD has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event for emergency notification to all or a segment of campus community. These methods of communication include the mass notification system "“Blackboard Connect”", the SBCCD’s email system, and “Informa Cast”. The SBCCD will post updates during a critical incident on the homepage.

Emergency Response and Evacuation Policy (including Emergency Notification)

As part of our continuing effort to provide a safe environment for students and employees, Economic Development and Corporate Training Center has launched a campus-wide emergency notification system and the institution will without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain respond to or otherwise mitigate the emergency. It is the policy of the San Bernardino Community College Police Department to notify the campus in the event of an emergency. We will utilize the “Blackboard Connect” system for emergency notification. This system will enable authorized college personnel to quickly notify students, faculty, and staff about any campus emergency with personalized voice, text, and e-mail messages. At the time of student registration your information is captured and used in the mass notification system in the event of an emergency. Be assured that your privacy will be protected. Your information will not be shared with anyone or used for any purpose other than for emergency notifications. (See evacuation map on page 22, 23, 24)

Sexual Assault Policy

San Bernardino Community College District recognizes that sexual assault is a serious issue and will not tolerate actions of sexual assault on campus. The San Bernardino Community College District Police Dept. will investigate all allegations of sexual assault and take appropriate disciplinary, criminal, or legal action. Institutional personnel will assist the student in notifying authorities if the student requests assistance. As soon as possible, the victim of a sexual assault should report the incident to the San Bernardino Community College District Police Dept. any faculty or staff member. Filing a police report:

- Ensure that a victim of sexual assault receives the necessary medical treatment and test, at no expense to the victim;
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet or change clothing prior to a medical/legal exam);
- Assure the victim has access to free confidential counseling from a counselor specifically trained in the area of sexual assault crisis intervention.

The victim should make every attempt to preserve any physical evidence of the assault. This may include a voluntary medical exam, not showering or disposing of any damaged clothing or other items that are present during/after the assault. Victims are encouraged to call any law enforcement agency by dialing 911 after a sexual assault for a crime investigation, referral or transport for medical treatment and referral to crisis counseling and legal advocacy. Disciplinary action may be imposed on recognized individual students, student organizations and/or any College faculty or staff responsible for a sexual assault. College sanctions following campus disciplinary procedures depend on the outcome and may range from suspension to expulsion. Every effort will be made to criminally prosecute perpetrators of sexual assaults. The institution will, upon written request, disclose to the alleged victim of a crime of violence, or a non-non-forcible sex offense, the report on the results of any discipline proceeding by such institution against a student who is the alleged perpetrator of such crime or offense. Violators are subject to District disciplinary action, criminal prosecution, fine and imprisonment. The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding and both shall be informed of the outcome.

If you are interested in information about registered sex offenders, you can call or visit the State of California "Megan's Law" sex offender search web page at:

SAFETY TIPS

Campus at Night

It's a fact that college life often involves late nights. Despite leaning towards a nocturnal schedule, remember that campus at night requires a greater sense of awareness than during the day. Follow these tips to stay safe on campus after dark:

- Unless it's absolutely unavoidable, NEVER WALK ALONE. Have a study buddy from your class go with you to and from your study location.
- If you MUST travel alone, try to drive so you don't have to walk home alone in the dark.
- If you MUST walk alone, walk in well-lit areas, be hyper-aware and have your cell phone charged and at the ready with campus police programmed in your contacts.
- Know where the Campus Police is located.
- NEVER stop at the campus ATM after hours.

Though it might stir up some nerves just to talk through issues like these, both parents and students will feel more confident with an agreed upon game plan for staying safe.

IDENTITY THEFT: DON'T BE A VICTIM!

DON'T give out personal information, (name, address, social security number), to anyone you don't know or for any purpose you don't fully understand.

DO store personal records, credit and cards, new and cancelled checks, in a secure and safe place, where they cannot be accessed by others.

DON'T sign initiatives or other petitions unless you are fully knowledgeable about them, *and* the signature gatherer. Your name and address may become easily accessible, and could even be illegally sold for profit!

DO shred any documents containing personal or financial information before discarding, such as credit card or petition solicitations.

DON'T leave your outgoing mail unguarded at your home mailbox where it can be stolen and your identity, address and financial information revealed.

DO place your mail only in U.S. Postal Services mailboxes.

DON'T trust phone solicitations, or give out personal or financial information over the phone.

DO carefully protect PIN numbers and passwords; never share them.

DON'T open unsolicited emails, or emails from unknown sources; and if you do so mistakenly, *never* reply, forward, or open attachments.

DISASTER MANAGEMENT

OVERVIEW

Should an emergency or other major disaster strike the campus, the need for coordinated efforts of the entire College community will be paramount.

In an emergency, a number of preplanned actions will take place. The Emergency Operations Team, made up of key managers/supervisors, will meet in the pre-determined Emergency Operations Center (EOC). Members will serve in designated emergency management positions designed to conform to the State “Standardize Emergency Management System and the National Incident Management System” (SEMS/NIMS).

These members will provide the leadership and policy guidance, gather intelligence on the emergency and develop plans of action to best address the emergency. The entire team will act for the College, providing resources and support, timely situation analysis and needs assessment. The EOC is equipped with communication capabilities to support these operations and to coordinate with outside agencies.

The College’s facility and staff will provide the staff and/or students in an emergency. Through the coordination of the EOC, the members of the College community will provide a skilled pool of professionals to deal with a myriad of technical, medical, logistical, and human relations problems certain to arise in a major disaster. It is to that end that these general emergency instructions are targeted.

EMERGENCY EVACUATION PROCEDURES

Faculty will be called upon to be leaders in any evacuation scenario.

Faculty members will be used not only in operational leadership roles, but their technical expertise will be invaluable in roles where that expertise is needed. Each instructor should be responsible for the direct supervision of their class and will do the following:

- Direct the evacuation of staff and/or students to designated Evacuation Sites (see Evacuation Site Map)
- Immediately shut down all equipment in use
- Take personal items with you
- Shut all doors behind you as you leave
- Proceed as quickly as possible in an orderly manner to the nearest evacuation site
- Accompany and assist handicapped personnel, staff and/or students and visitors who appear to be in need of direction or assistance
- Once outside, move away from the structures and go to the designated Evacuation Site. *Keep roadways free for emergency vehicles*
- Seek medical attention for injured staff and/or students.

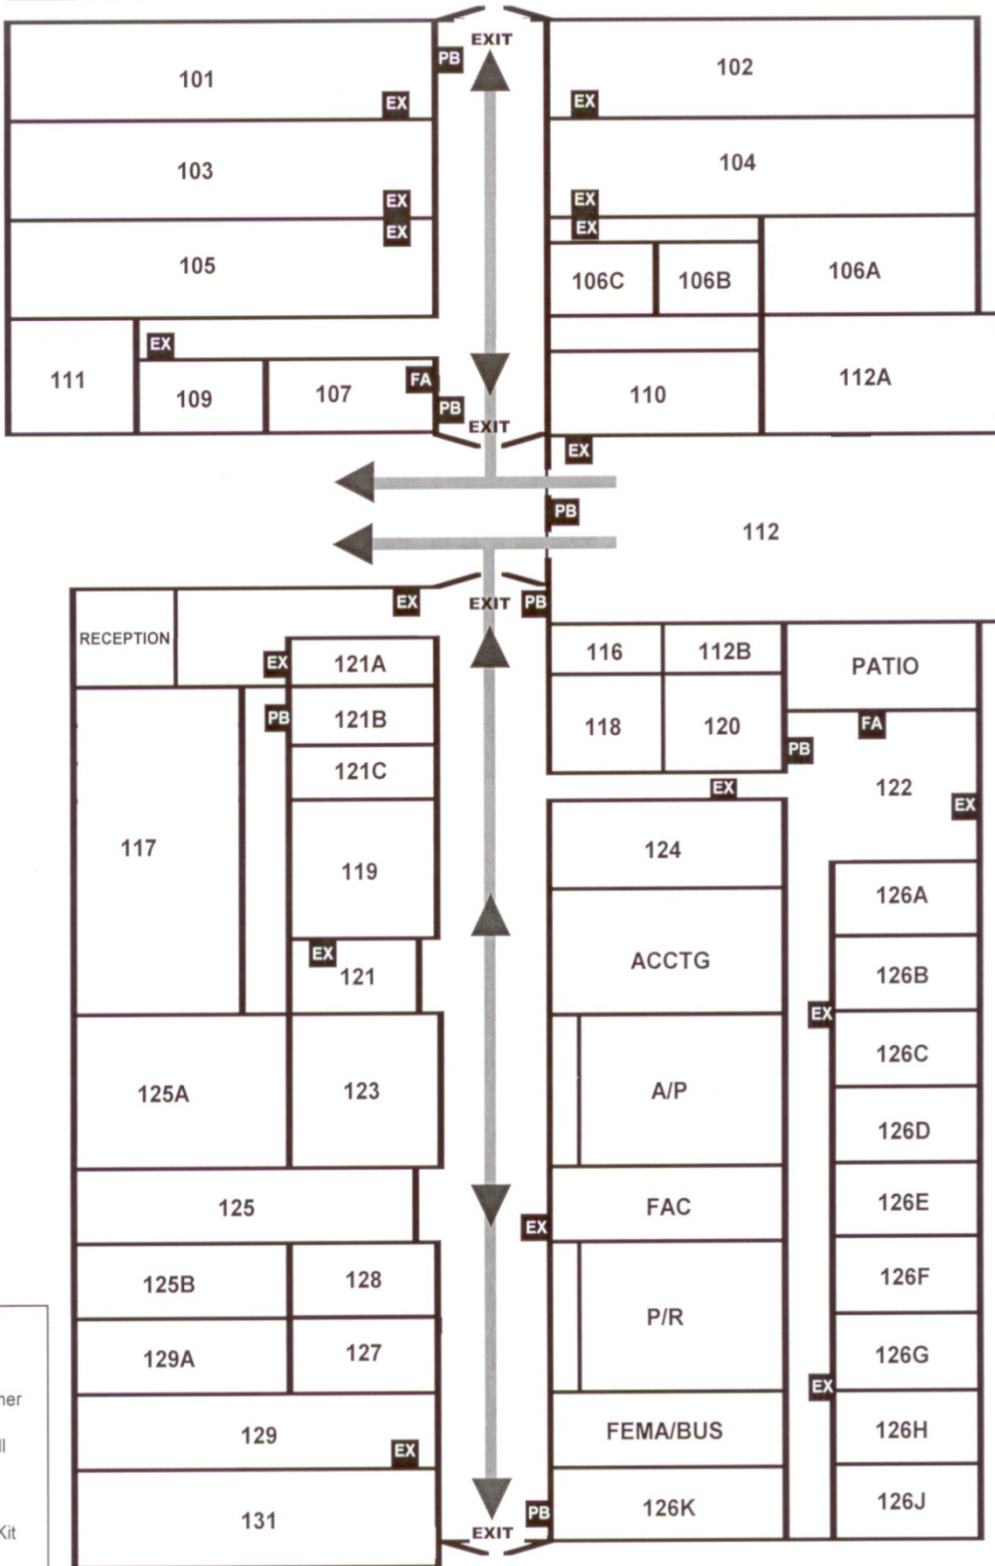

EVACUATION OF PERSONS WITH DISABILITIES

- Help individuals with disabilities evacuate by quickly assigning a “buddy” to lead them to the closest safe evacuation area.
- If an elevator is not available, or if it is unsafe to use them, direct wheelchair-users to the top of the nearest staircase or the nearest designated area of rescue assistance
- Immediately notify a supervisor, Building Captain or Emergency Personnel of the individual’s whereabouts
