SUBJECT: Consideration of Approval to Establish Accounts for Board Approved Distribution of Proceeds from FCC Auction Investments

RECOMMENDATION

It is recommended that the Board of Trustees direct staff to establish PARS Pension Rate Stabilization Trust (PRST) accounts to mirror existing accounts for the purpose of tracking and preserving proceeds identified for distribution.

OVERVIEW

In July 2017 SBCCD received $157 million in FCC Auction Proceeds in exchange for the transition of KVCR TV from UHF to VHF. Since that time, through its collegial processes, the District established Guiding Principles for the handling of these funds, and has taken steps to establish appropriate PRST investment accounts through the Public Agency Retirement Services system. Currently established accounts, which are managed with a conservative strategy, are shown on the attached statement.

ANALYSIS

In order to facilitate FCC Auction Proceeds Guiding Principles for Revenue Generated from Investments, staff is proposing the establishment of accounts that mirror the existing investments. Such accounts will serve as a holding vehicle for proceeds identified and Board approved for distribution. Investment strategy for the newly established accounts will be maintained at fixed-income, in order to preserve the proceeds for distribution.

INSTITUTIONAL VALUES

III. Resource Management for Efficiency, Effectiveness and Excellence

FINANCIAL IMPLICATIONS

It is anticipated that this investment will earn a more moderate return, while preserving and tracking FCC Auction proceeds identified and Board-approved for distribution.

5. One-time fund proceeds should help KVCR reach financial sustainability within a specified, board-approved timeframe.
6. The district unrestricted general fund balance shall be restored to a range of 10-15%.
7. With the exception of items 3-6 above, one-time expenditures shall support the approved program review, and educational and facilities master plans.
